Cedarville College 1975-76 Catalog

A Baptist College of Arts and Sciences

Cedarville College Bulletin, Vol. 57, No. 3, June-July 1975. Published bi-monthly by Cedarville College. Entered as second class matter pre-paid at the post office at Cedarville, Ohio, April, 1915, under act of Congress of August 24, 1912.

Cedarville College, Cedarville, Ohio 45314; (513) 766-2211

Dear Friend:

Your interest in this catalog implies you are seriously thinking about the importance of a college education. We hope you will prayerfully consider what Cedarville has to offer and then select our college as a place of preparation for your chosen profession and a lifetime of Christian service.

The following pages outline the academic offerings of the college. Visit the campus if you can and meet our faculty and staff. Then you will become acquainted with people who are concerned about each individual's spiritual, academic, social, and physical development.

The curriculum of Cedarville College is based on the biblical principle that in Christ "are hid all the treasures of wisdom and knowledge." Our faculty attempts to relate the curriculum to truth as it is in Christ. Our academic program has been developed to provide instruction in several fields of study. Read the catalog carefully and you will find an area of study of interest to you.

The physical facilities of our college are being improved as funds are made available. As you visit the campus you will see a new library building and a new science center, as well as new dormitories. A new chapel and other facilities are in the planning stage.

Cedarville is a Baptist college supported by Bible-believing churches for the benefit of all Christian young people regardless of their denominational affiliation. Our students and graduates are encouraged to serve enthusiastically in the local churches.

The administration, faculty and staff of our college desire to have a part in assisting committed young people to achieve worthwhile goals in life. If we can be of help to you, we shall be grateful.

The College

Cedarville College is a Baptist college of arts and sciences enrolling about 1000 students. A balanced liberal arts program is coupled with an evangelical, conservative theological position in regard to doctrine and patterns of conduct. In keeping with the liberal arts concept, the curriculum provides for a broad background of general studies combined with a thorough study of the Bible followed by concentrated study in a major field selected by the student in keeping with his area of interest, ability, and professional goals. All classes are taught by dedicated Christian professors who present the knowledge found in the respective courses integrated with Biblical Christian perspectives.

Adventure In Learning

The challenge and adventure to be found in the pursuit of knowledge is real and demanding. Young people who are vitally interested in discovering new subjects, concepts, methods and materials will find professionally prepared instructors anxious to share and impart knowledge to all who are interested in this dynamic educational adventure. Personal development will also result if the student's goals and moral philosophy are clearly defined. Great profit can come from exploring new fields of knowledge if there is evidence of Christian commitment, direction and purpose.

The pattern of instruction at Cedarville College includes a basic program of general studies including Biblical education, communication, humanities, physical education, science, mathematics, and social science. In addition, each student will complete a major in the area of his interest. The usual pattern of educational experience involves the pursuit of general studies during the first two years in college, followed by completion of the requirements for the major which is closely related to career goals.

Although the years at Cedarville College represent a concentrated educational experience in pursuit of the baccalaureate degree, it is understood also to be the beginning of a lifelong adventure in learning. All professions require constant reading and study to keep abreast of new developments in the field. The professional person who studies diligently to keep up with current practice is usually recognized as a leader in his profession. Along with the respect that is engendered, the Christian college graduate is called upon to exercise a leadership role not only in a professional way, but also in the local church. The administration, faculty and staff are committed to helping the student achieve these goals. The money and effort invested in education at Cedarville can pay high dividends throughout life.

Purpose:

The purpose of Cedarville College, a Baptist college of arts and sciences, is to offer its students an education consistent with Biblical truth.

To achieve this purpose the college seeks to accomplish the following objectives:

1. To undergird the student in the fundamentals of the Christian faith, and to stimulate him to evaluate knowledge in the light of Scriptural truth.
2. To encourage growth in Christian character in each student, and help the student accept his responsibility in faithful Christian service.
3. To increase the student's awareness of the world of ideas and events

which are influencing our contemporary culture and to prepare the student to knowledgeably participate in our democratic society.

4. To enable the student to develop sound critical and analytical reasoning.
5. To provide sufficient opportunities for students to practice the skills of communication.
6. To offer opportunities for academic specialization and preparation for graduate study, and to assist the student in selecting and preparing for a vocation.
7. To foster the student's appreciation of and participation in wholesome avocational and cultural activities.

History

Cedarville College has a rich heritage. It was established by the Reformed Presbyterian Church and individuals who had a vital interest in spiritual welfare of young people. The college was chartered by the State of Ohio on January 26, 1887. During the early days, as now, Christian principles and conduct were stressed as indicated by the following quotation from a former president, "Above all, Cedarville College believes that culture of the mind without the nurture and growth of spiritual life is a mistake. Education without morality is a menace to the state . . . accordingly the Bible is a textbook of the college."

In 1953 the operation of the college was transferred to the Trustees of Baptist Bible Institute of Cleveland with the goal of enlarging the institute's ministry. The name, Cedarville College, was retained. The college, now an approved school of the General Association of Regular Baptist Churches, continues to perpetuate the original purpose of its founders.

Under the direction of Dr. James T. Jeremiah, president since 1953, the college has experienced phenomenal growth. Since 1959 student enrollment has more than tripled in size. Because of this sudden increase in enrollment, Cedarville College has been forced to greatly expand both its faculty and facilities.

During this period of dramatic growth in students, faculty, and facilities, the objectives which have symbolized the college and its spirit through the years have been further strengthened. The tower of "Old Main" represents our link with the past, its foundations and traditions; the cedars symbolize life and growth.

The Cedarville College family feels that this growth has brought us to the threshold of an even greater ministry as the college moves ahead with new faith and vision.

Recognition Certification and Accreditation

Cedarville College is a four-year degree granting institution chartered by the State of Ohio. The college has also been approved by the State Department of Education for the education, training and certification of both elementary and secondary school teachers.

In 1972 the College was granted the status of "Recognized Candidate for Accreditation" from the North Central Association of Colleges and Secondary Schools. This recognition implies that the college is allowed three years to apply for full accreditation.

Cedarville now enjoys an "A" rating in the "Report of Credit Given" published by AACRAO.

The college holds membership in the Ohio College Association, the Council for the Advancement of Small Colleges, the Association of Approved Schools of the General Association of Regular Baptist Churches, and is approved for listing in the Higher Education Directory* published by the Office of Education, United States Department of Health, Education, and Welfare.

Cedarville is conveniently located near the center of the triangle formed by expressways I-70, I-71, and I-75.

Location

The natural beauty of the gentle rolling countryside provides an excellent setting. Cedarville College is conveniently located in the rural community of Cedarville, Ohio, which is near a large metropolitan area of one-half million people. The college-centered community is within easy driving distance of beautiful state parks, as well as large and medium-sized cities such as Columbus, Dayton, Springfield, Cincinnati and Xenia.

The students find excellent opportunities for worship, practical Christian service, and employment in all of the communities in the area.

Administration Building

"Old Main," constructed in 1895, is the original college building. Renovation of the exterior and interior of the building is in process. This building houses administrative offices, some faculty offices, and classrooms.

The Campus

Each year selected campus facilities are improved to provide better student housing, food service, instruction, and recreational facilities. To keep abreast of the steady increase in enrollment, facilities have been added or improved each year, and the old buildings have been remodeled and refurbished for more effective use.

A new library and a large girl's dormitory were opened during the 1967-68 school year. Both of these facilities contribute substantially to instructional and housing needs. When the new library was opened, the vacated building was

refurbished and used for classes in the fine arts. In the fall of 1973 the new science center was opened for use.

Milner Hall

This building was constructed by student labor in the summer and fall of 1954 and was dedicated to Dr. George S. Milner, Chairman of the Board of Trustees, who gave generously for its erection. The building was enlarged in 1959, and currently houses the college bookstore, the Business Administration Department, faculty offices, and music practice rooms.

Residence Halls

The college maintains residence halls for both men and women. Maddox Hall is the largest dormitory at Cedarville. It is the campus home for 220 women. The other residence halls are Bethel, Faith, Harriman, Patterson, West Hall, South Hall, Williams, and the Cedar Park apartments. All students under twenty-five years of age who are not living at home must live in college owned or approved residence quarters. All arrangements for off-campus housing are made by the Student Personnel office.

Married students must provide their own living quarters. The college assists these students in finding suitable housing.

Library Services

The library is an attractive, one story, air-conditioned structure located near the center of the campus, as shown in the revised ten-year master plan for campus development. This beautiful and functional building makes possible a number of important library services, utilizing a variety of new educational media, for both students and faculty.

The library houses approximately 70,000 volumes, plus many other educational aids such as microfilms, recordings, tapes, film strips, slides, and art prints. Along with these instructional aids the library has available tape recordings, projectors, record players, and other similar equipment.

The library has a media auditorium which will seat one hundred and several smaller rooms for seminars, conferences, committees, and workshops. There are six small multi-purpose listening and recording rooms where students may preview records, make tapes of speeches, or similar assignments.

There is also a faculty research and study room where professional reference books are available.

Alford Memorial Auditorium

This structure, erected in 1853, was presented to the college by Mr. W. J. Alford in memory of his father and mother. It is the oldest building on the campus, having served originally as the assembly hall of the Reformed Presbyterian Church of Cedarville. The interior has been extensively redecorated and refurbished for use as the college chapel, for dramatic productions and for artist series activities.

Athletic Field

In 1962 the Board of Trustees authorized the purchase of 80 acres of land north of the main campus for development as an athletic field and recreation facility. In 1970 a large section of this land was developed for field sports such as baseball, soccer, field hockey, plus an all weather track, six tennis courts and a six acre lake. These facilities have contributed greatly to the development of a strong intercollegiate and intramural sports program for both men and women.

Communications Building

The college post office, alumni office, admissions counselor, estate planning office, mailing room and radio station WCDR-FM are located in the communications building.

Gymnasium-Student Center

Completed in 1963, this building provides excellent facilities for physical education, intramural and varsity basketball contests. The gymnasium seats over 1,200 spectators for varsity basketball contests. The student center includes a snack shop, lounge, large classrooms, and cafeteria.

Music Buildings

The former library, the fine arts building, has been reconditioned to provide instructional facilities for classes in music and large group rehearsals. The Music Division will continue to use Ambassador Hall for individual music instruction and for small groups. Practice rooms are also located in Milner Hall.

Science Building

The new science center provides excellent instructional facilities for the biological, physical science and mathematics courses. The new building provides 20,000 square feet of space for lecture rooms, laboratories, observatory, faculty offices and auxiliary facilities. The improved classrooms, laboratories, and faculty offices will further strengthen the pre-professional programs related to health care.

Development Plan

There are 105 acres of land in the main campus. A campus master plan has been prepared to effectively utilize this area for further expansion of residence hall facilities, recreation area, college chapel and student center.

Student Life

The college program is designed for the full development of each student in his spiritual, academic, physical and social life. The fundamental Biblical position establishes a conservative pattern for all activities and conduct. Students gain excellent practical experience in Christian service as they participate in musical groups; teach Sunday School classes; conduct hospital, mission, and jail services; teach Bible clubs; and serve on gospel teams.

Social life at Cedarville provides an outlet from the demands and pressures of college life. Our scenic 105-acre campus provides students with ample room to relax, study and enjoy the fellowship of other Christian young people. As well as developing academically and spiritually, participation in one or more of the many campus student groups provide opportunity for social development. Some of these groups sponsor banquets, concerts, and other forms of cultural enjoyment.

Standards of Conduct

Before any student is enrolled at Cedarville College, he must sign a statement signifying his willingness to adhere to the standards and regulations of the college. Students who do not cooperate in maintaining the standards of conduct established by the college may be requested to withdraw. This applies to conduct while at college and also at home or off the campus.

Certain types of conduct are positively forbidden. Among these are the use of tobacco in any form, alcoholic beverages, the non-medical use of drugs, and use of cards which are employed in gambling, dancing, attendance at movie theaters, membership in secret societies, excessive use of cosmetics, and the wearing of extreme fashions. Students are expected to abstain from the practice and/or promotion of those temporary Apostolic gifts usually associated with the Charismatic movement. Students will also be expected to exercise discernment regarding their choice of music. Rules regarding these will be strictly enforced.

Students are urged to set aside a definite period each day for private devotions. Regular attendance at student prayer meetings aids the student in maintaining a healthful spiritual life. All students are required to attend church services regularly.

Chapel

The students and faculty meet together each day for worship and fellowship in a chapel service. Every student is required to attend. Faculty members, visiting pastors, educators, evangelists, and missionaries serve as speakers for these programs. Praise, prayer, worship, and practical Christian work are stressed. A series of Bible lectures or a missionary conference is scheduled twice a year. Each year the Staley Distinguished Christian Scholar Lecture Program is a week-long part of the chapel program.

New Student Orientation

Immediately prior to the beginning of each quarter new students participate in an orientation program designed to facilitate adjustment to their new surroundings and provide an opportunity for course selection and program planning with the assistance of an assigned faculty adviser. The program includes a reception for new students and parents and an orientation session for parents. During this period several appraisal instruments, including a personality invento-

ry, are administered to all new students. These tests must be taken before a new student is considered registered.

Devotional

In addition to private devotions and weekly residence hall prayer meetings, half-hour mission prayer meetings are conducted each morning before the beginning of classes. Two days are designated each year as days of prayer.

Christian Service

Every student is encouraged to participate in some area of Christian service for at least two of the four years of the college program. It is the belief of the college administration and faculty that this experience provides a vital means of achieving the stated objectives of the college. There are opportunities for experience and service in local church ministries such as youth meetings, music, junior churches, nurseries, S.S. teaching and preaching opportunities.

There are openings in homes for orphans, homes for Senior Citizens, penal institutions, rescue missions, childrens meetings in private homes and at a school for mentally retarded children. There are Swordbearers and Gospel Teams and community canvassing as well as summer missionary internship programs. Many students are challenged by a campus visitation program in which there is an opportunity to share their faith in Christ with their academic peers on other college campuses. During Spring break there are Swordbearers Spring tours, Beach Evangelism in Florida and also a summer Swordbearers Gospel Team.

The Director of Christian Service is responsible for the assignment of students who register for all kinds of Christian service work. He is also responsible for Sunday services on campus, prayer meetings, pastoral counseling, and Swordbearers teams. Records are kept of all Christian Service activities and a permanent file on each student.

The Christian Service Committee, made up of both faculty and students, works with the Director in defining the types of activities as well as establishing guidelines for the entire Christian Service program.

Missionary Internship Service

The primary objective of MIS is to give those interested in missions a short term exposure to mission life. Such an exposure, however, is intended not only for the benefit of visiting a mission field, but also for the purpose of being of service in the missionary outreach.

Objectives:

1. To give opportunities of missionary service to interested and burdened faculty, alumni, and students and provide a spiritually meaningful and fruitful experience to each intern.
2. To provide an organized contact with missionaries and mission boards; to assist each intern to understand missions and related work.
3. To provide leadership in setting up and controlling missionary internships.
4. To add a universal dimension to the educational process of Cedarville College; to create within the individual a burden for lost souls throughout the world.
5. To provide Christian service outlets for the College Fellowship and world mission organization.
6. To further develop the skills needed in reaching the lost for Christ.
7. To provide assistance to missionaries during short-term service.

Student Publications

Students have the primary responsibility for the publication of the college yearbook, *The Miracle*, and the college newspaper, *Whispering Cedars*. A faculty-student committee provides direction and advice. Students interested in staff positions may apply to the editors.

Community Service

From time to time, Cedarville College students participate in community service projects. For example, Alpha Chi, a student organization for men, serves both the college and the community with an ambulance service as well as disaster relief. They maintain a Red Cross Disaster Van, given to them by the American National Red Cross. All squad members receive standard and advanced first aid training which prepares them for their duties on the squad.

Counseling Services

The administration, faculty, and student personnel staff members enjoy a unique personal relationship with individual students and experience meaningful counseling relationships with them.

A Counseling Center has been established to provide personal assistance in a wide range of non-academic areas in order to facilitate educational and personal development. The goal of the Counseling Service is to aid individual members of the college community in making their college experience as enriching and meaningful as possible by offering assistance in their discovery of and conformity to God's will for their lives. Professional counseling personnel work closely with members of the staff and faculty.

Musical Organizations

Students with musical talents have many opportunities to participate in college musical programs, gospel teams, Concert Choir, Choralaires, Marching and Symphonic Bands, Brass Choir, Symphonic Orchestra, and vocal and instrumental ensembles. A pep band performs at athletic contests.

Student Senate

The Student Senate is the representative assembly of the student body. Its officers are elected annually by the student body. The Senate, in addition to its officers, includes two representatives from each class, residence hall representatives, campus organization representatives, and a faculty advisor. The purpose of the Student Senate is to assist in providing a well-rounded program of extracurricular activities which will help to develop the physical, mental, social, and spiritual life of the students, to inspire loyalty to the school and the principles for which it stands, to promote an efficient and harmonious school life, and to recommend to the proper authorities any action which it deems wise for the welfare of the student as an individual or for the student body as a whole. Election to the Student Senate provides an opportunity to exercise democratic leadership in student affairs. The Student Senate is responsible for and the supervision of such fund raising projects as the student body project, the student missionary project, and an occasional chapel program. Student Senate also sponsors the annual "In-Forum" lecture series.

Drama

Each year the students, under the direction of a member of the Speech Department, present several major theatrical productions. These are an important part of the college's program of personality and cultural development.

Student Activities

The Office of Student Activities is responsible for providing a program of cultural, social, educational, and recreational activities that are consistent with college educational and spiritual objectives and therefore contributing to the personal development of college community members. An Artist Series provides concerts, cultural programs, and musical specialists. Student Senate sponsors an annual lecture series designed to expose students to the world of ideas and current issues and to stimulate analytical and critical thinking. Other activity programs include a variety of learning experiences and social events such as banquets, talent nights, all school parties, interest trips, retreats, and many other activities that appeal to college age youth. The office supervises a program of intramural sports including touch-football, basketball, volleyball, badminton, tennis, table-tennis, softball, soccer, and wrestling.

Student Organizations

Alpha Chi, an honorary society for men, has the aim of cultivating Christian personality and leadership.

Alpha Mu Chi is a society for engaged girls providing fellowship, instruction in homemaking, and ideas for weddings.

Alpha Zeta promotes interest in the field of photography.

Business Administration Council stimulates interest among students majoring in business.

Delta Sigma Alpha, a music honor society, offers membership to sophomore, junior, and senior students who have excelled in musical scholarship and who have served the college, church, and community through music.

Educational Club provides encouragement and guidance for those majoring in education.

Fellowship for World Missions sponsors an annual missionary conference. Members also meet regularly for prayer and discuss problems of the missionary.

Foreign Student Fellowship provides Christian fellowship and interaction between cultures and aids those with diverse cultural background in adapting to college life.

Gamma Chi, a society for women, seeks to cultivate Christian personality and leadership and develop poise and ease at both formal and informal events.

Gamma Zeta Theta, a society for women, seeks to provide service and social opportunities to develop Christian personality and leadership.

Kappa Delta Chi, a cultural society for women, stimulates originality and growth in literary, musical, artistic, and humorous activities.

Literati seeks to foster a greater student appreciation of literature and related cultural experiences.

MENC — Student chapter of Music Educators National Conference for music majors and others pursuing a music teaching profession.

MOC, Memorization on Campus, a club which encourages the memorization of Scripture for personal use and for witnessing.

Pemm Club is a professional organization for majors and minors in the fields of health, physical education, and recreation.

Phi Epsilon Kappa is a fellowship of students who believe that they are called to some area of the gospel ministry. Meetings are held bi-monthly.

Pi Delta — A volunteer honorary co-ed student group whose purpose is to host campus visitors.

Pi Sigma Nu is a campus men's group that seeks to aid in the development of the whole man through service projects and social activities.

Student Education Association of Cedarville provides fellowship, and seeks to stimulate professional interests and encourage professional growth.

The Swordbearers is a voluntary student organization devoted to assisting local churches in the ministry to youth, visitation and conducting area canvasses.

Timalathians provides an opportunity for the student to develop a Christian World and Life View and stimulates the student to present a cogent witness for Christ in the 20th Century.

Varsity "C" Club is composed of men who have earned varsity letters in intercollegiate sports.

Intercollegiate Sports

Cedarville College maintains intercollegiate athletic competition for men in basketball, baseball, cross-country, track, tennis, golf, soccer, wrestling. Cedarville is a member of the Mid-Ohio Intercollegiate Athletic Conference, the National Association of Intercollegiate Athletics and National Christian College Athletic Association. A student must be passing in 12 quarter hours in order to participate in intercollegiate athletics. Intercollegiate sports for women include field hockey, basketball, volleyball, golf and tennis.

Women students at Cedarville compete in the Circle Freeway League in volleyball and basketball. They also hold membership in the United States Field Hockey Association and the Miami Valley Field Hockey Association.

Housing for Students

The college maintains residence facilities for both men and women. Rooms are furnished with basic items of furniture, but students must supply their own pillows, bedding, and room accessories. Students care for the cleaning of their own rooms. Coin-operated laundry facilities are available in the residence halls and in the community. Linens may be leased from a linen service company on a quarterly or yearly basis.

Residence halls for women include Faith, Maddox, South, and Harriman and for men, Williams, West, Bethel, and Cedar Park, Carr, Rogers, And Marshall Apartments. When the college is unable to accommodate all of the students in its residence facilities, some select upperclass students are assigned to approved off-campus housing. All arrangements for off-campus housing for students under twenty-five and not living at home are made by the Student Personnel Office.

Married students are responsible for providing their own living quarters. However, the college will assist by recommending suitable housing which may be available at the time of enrollment.

Radio Station

WCDR-FM is the radio station owned and operated by Cedarville College. It transmits at 90.3 megahertz with 3600 watts of power for 120 hours weekly, providing programming for the entire Dayton-Springfield area. The station provides broadcasting experience for students interested in becoming involved with broadcasting as a career or as a part of their ministry. Coupled with classroom

work the station offers a unique opportunity for students to learn as they assist in the operation of this Christian educational radio station.

Health Service

The college Health Center provides total student health care, involving preventative medicine, care of illness and injuries, and rehabilitation.

A medical consultant, two full-time nurses, and a part-time nurse provide health care. The center has facilities for students who need to stay overnight.

Marriage of Students

Students who wish to be married during the school year must obtain permission from the Dean of Students. Before such permission is granted, applicants under twenty-one years of age must obtain a letter of approval from the parents of both the young man and his fiancée. This permission must be obtained at least two months in advance of the wedding, or the students will be asked to drop out of school for the remainder of the academic year. No permission from the college is required for students who are married during the summer, but the Student Personnel office must be notified by those who intend to return as married students.

Use of Cars

Freshmen will not be permitted to bring a motor vehicle with them to college during their first quarter at Cedarville. They may have and use a motor vehicle during the second quarter if they achieve a 2.50 or better grade point average at the end of the first quarter, or during the third quarter if they have a 2.25 cumulative average at the end of the second quarter. Sophomores with less than a 2.00 cumulative average will not be able to have or use a motor vehicle at Cedarville. Students on citizenship probation may not use or have motor vehicles at Cedarville College. Any student who gives evidence of carelessness in the use of his car or in the payment of financial obligations may be limited in the use of his car.

All cars used by students must be registered with Campus Security. All students must give evidence of appropriate insurance (including property damage insurance).

Admission and Finances

The Admissions Committee carefully considers all factors which demonstrate the applicant's ability to succeed at Cedarville College.

The Committee bases its choice on the following: 1) The applicant's evidence of having been born again and having lived a consistent Christian life as indicated by his personal testimony and pastor's recommendation; 2) his academic record and rank in class as shown by his official transcripts; 3) and his scholastic ability as shown by the American College Test (ACT) or the Scholastic Aptitude Test (SAT); 4) some students whose high school records are less than satisfactory may be admitted on condition or through the non-credit Educational Development Program which is described under Special Programs of Study.

Transfer students and applicants who have been out of high school one year or more are not required to furnish ACT or SAT scores.

The college does not discriminate on the basis of race, color, or national origin.

Admission Procedure

1. Write to the Director of Admissions, Cedarville College, for application and reference forms.
2. Have reference forms completed and sent in by appropriate persons.
3. Complete and return the application for admission at the earliest opportunity. All application forms for the winter quarter must be in the admission's office by December 1 and by March 1 for the spring quarter.
4. Request a transcript of credits and grades from the high school and/or college attended to be mailed to the Registrar.
5. Take the American College Test or the Scholastic Aptitude Test either in the junior or senior year. If possible, the ACT or SAT should be taken in the junior year so that the application may be submitted early in the senior year.

Entrance Requirements

The applicant should be a high school graduate with a total of fifteen required units, from grades nine through twelve, as follows:

English	3 units	Science.....	1 units
Mathematics.....	2 units	Electives	8 units
History	1 unit		

Two units in one modern foreign language are strongly recommended. The Registrar occasionally waives certain required units following written requests. (Skill in typing is of real value in completing many class assignments).

Readmission

A student whose academic work has been interrupted for one quarter or more must apply for readmission. If he has been out of Cedarville College less than one year, a letter of request for readmission is needed at least two months before the beginning of the quarter in which he desires to matriculate. This letter should state his educational goal and reaffirm his Christian commitment; it should also contain a brief summary of his current Christian service activities.

If a student has been away from campus for more than one year the Admissions office will send the necessary forms to up-date the application file. If college level work has been completed elsewhere a transcript of such credits should be requested by the student.

A student who has been readmitted, after one year away from Cedarville College, is expected to complete the graduation requirements as outlined in the catalog in current use at the time of reenrollment.

Admission of Transfer Students

A student who wishes to transfer to Cedarville should submit a transcript of all his credits to the Registrar for evaluation of credits and determination of status. All transfer students are required to attend New Student Orientation.

Transfer students in their freshman or sophomore year are expected to complete the same number of Biblical Education courses as continuing students. Juniors and seniors must complete at least one Biblical Education course each quarter of full-time residence.

Courses will not be granted transfer credit if grades are less than "C." Credits from accredited colleges are fully transferable as long as they apply to the student's course of study.

Transfer students on academic suspension or dismissal may be considered for admission after they have been out of college at least one term (quarter or semester) of the regular school year.

When computing the grade point average for students who have credits transferred from other institutions, only the work completed at Cedarville is included.

All transfer students are required to complete the number of Biblical Education courses listed under degree requirements.

Bible College and Bible Institute Transfer Students

The college desires to cooperate fully with transfers from Bible colleges and institutes, especially those transferring from schools which are members of the Accrediting Association of Bible Colleges. Specific information may be received from the Registrar upon receipt of the transcript.

Canadian Students

Canadian students must present evidence of having passed either junior or senior matriculation with better than passing grades in each of the subjects specified by the Provincial Department of Education. Those who have completed Grade XIII are eligible for advanced standing.

Foreign Students

A limited number of foreign students may enroll. Cedarville College is approved for attendance by non-immigrants by the Immigration and Naturalization Service. All foreign students are required to deposit \$1500 in United States currency before they can be admitted. Permission for employment must be secured from the United States Government.

Advanced Placement

High school students who enroll in college level courses during their senior year and who demonstrate successful achievement in the appropriate College Entrance Examination Board Advanced Placement examination may receive college credit if examination scores of 3, 4, or 5 are received. If students do less well, certain courses may be waived so that the student may enroll in more advanced courses. No limits are placed on the amount of such credit. Students participating in college level courses in high school should consult their counselors for detailed information.

Veterans Training Benefits and Dependents

Educational Assistance

Our school is approved under Title 38, Chapters 31, 34 and 35, U.S. Code for the education of veterans and their dependents.

Students under Chapters 34 and 35 are required to pay the school for all charges. The Veterans Administration in turn pays them a monthly allowance based upon their training load. Veterans under Chapter 31 are paid a monthly allowance and the Veterans Administration pays the school for all charges.

Inquiries concerning eligibility should be directed to the Contact Office of a Veterans Administration Regional Office. Students planning to study under one of the education laws should receive approval prior to enrolling. A Veterans Administration training officer will contact the college in the disabled cases to accomplish this requirement for the student.

Educational Benefits for Ex-Servicemen

Credit will be granted for courses taken by correspondence at accredited colleges or universities and for college level USAFI courses. A total of fifteen credit hours may be earned in this way.

Selective Service

A student eligible for military service must submit his name, home address, selective service number, local board number, and address to the Registrar's office annually. This does not constitute a request for deferment.

Deferment requests must be made by the individual through his local draft board.

Admission Winter or Spring Quarters

Freshmen and transfer students will be admitted for winter and spring quarters under the same conditions required for the autumn quarter. Since some course offerings begin in the autumn quarter, the student might not be able to register for the exact courses he desires his first quarter at Cedarville College.

Summer School

Summer school is scheduled in June, July and August and consists of two terms of five weeks each. A student may earn up to twenty credit hours in ten weeks.

A simplified application is available for those who only desire to enroll in summer school.

Expenses

Tuition Policy

The registration fee, tuition, laboratory fees, and living expenses are kept as low as possible consistent with responsible operation. The student fees do not cover the cost of operation or expansion.

The college is supported by individuals and church groups who desire to have a share in the preparation of young people for effective Christian service as pastors, teachers, missionaries, evangelists, and dedicated Christians in all walks of life. Some development funds have been made available from business, industry, and foundations.

Deferred Payment Plan

A service charge of \$20 will be assessed for the use of the deferred payment plan. This charge will be made at the beginning of the quarter in which the plan is chosen. One-third of the total bill will be due on registration day. The remainder deferred will be due before final examinations.

It is expected that most students will pay cash in advance for all quarter costs — the best and most economical way to take care of college expenses.

Student Insurance

All full-time students are required to carry the college accident insurance which is part of the Health Service fee. Students who are covered by some hospitalization plan where they work or through some member of their family may waive the hospitalization portion of the college insurance program and thus substantially reduce the Health Service fee. Part-time students, not eligible for the insurance program, must pay a special health service fee if they wish to use the college health services.

Withdrawal Refunds

If a student withdraws from college before the end of the quarter, refunds on tuition may be granted three days after application for refund has been filed with the Business office. Although applications may be submitted any time after the opening of a given quarter, processing of such applications will not begin until two weeks of the quarter have elapsed.

Refunds for withdrawal from school or individual courses are granted on the following basis:

First two days of the quarter	100%
First full calendar week or less	90%
Second full calendar week or less	75%
Third full calendar week or less	50%
Fourth full calendar week or less	25%
Over four full calendar weeks	No Refund

The above refund schedule applies to all Science laboratory fees. All other fees are not refundable, except for withdrawal from a course within the first two days of a quarter.

Students withdrawing from a course or courses and adding a differing course or courses shall be granted full tuition refunds to apply toward courses added. If the new total hours is less than the original total, the above refund schedule shall apply.

Refunds on course withdrawals are determined according to the date the withdrawal forms are filed in the Registrar's office; college withdrawals are effective on the last day of residency.

If course offerings are changed by the faculty or administration, the student is entitled to a full refund for that class.

No refunds on room rent will be given except for withdrawal because of illness or other reasons beyond the control of the student. Board is refunded on a pro rata basis.

Student Aid

Many students need assistance in meeting educational costs. Since financial need is one of the factors considered in awarding aid, each single student desiring financial aid in the form of a scholarship or loan, underwritten by the college, must submit a Parent's Confidential Statement through the College Scholarship Service. This form may be secured from a high school guidance counselor or the Student Financial Aid office. Students anticipating financial need should have these forms completed by their parents at least six months

prior to the time that they will need to secure aid funds. Application for any aid must be made well in advance of the anticipated need. All requests for student aid are handled by the Director of Financial Aid.

Scholarships and Grants

Academic scholarships are available to students who have demonstrated academic ability and a definite financial need. These scholarships range from \$300 to \$600 in amounts and also may provide an opportunity of employment with the college.

Scholarships are awarded on an annual basis with a minimum cumulative academic average of 3.25 for upperclassmen. Freshmen scholarship awards are based on high school rank, academic average and ACT or SAT scores. Christian character, service, and cooperation are also considered in awarding these scholarships.

Athletic grants-in-aid are available for qualified athletes. Inquiries should be addressed to the Athletic Director.

Ohio Instructional Grants

Students who are residents of Ohio may be eligible for an Ohio Instructional Grant. The high school guidance counselor or the Director of Financial Aid can give you the details on qualifications and application process. Grants range from \$150 to \$1,320.

Supplemental Educational Opportunity Grants

The Federal government provides, through the U.S. Office of Education, funds for a limited number of students with exceptional financial need, who require these grants to attend college, and who show academic or creative promise.

Grants range from \$300 to \$1,500 a year and must be supplemented by at least an equal amount of other assistance to the student.

The amount of financial assistance a student may receive under a Supplemental Educational Opportunity Grant depends upon his need, taking into account his financial resources, those of his parents; and the cost of attending Cedarville.

Basic Educational Opportunity Grants

All students who are first time, fulltime freshmen and sophomores after April 1, 1973 may be eligible for a Federal grant under a new Entitlement Grants Program sponsored by the Federal government through the Office of Education. Students may see their high school guidance counselors or write the Financial Aid Director for additional information.

Bank Loans

Loans are available to Cedarville College students through the United Student Aid Funds, Inc., and most state guaranteed loan programs. All of these loan programs are arranged through local banks for specified interest rates and are repayable after graduation. Listing of the college in the Directory of Higher Education published by the United States Department of Education makes available the payment of interest by the federal government on loans secured through banks under the various state or private loan programs.

National Direct Student Loans are available through the college to students who are citizens of the United States and who can demonstrate financial need to meet educational expenses. Detailed information and application forms are available from the Director of Financial Aid.

There are specialized loan funds available to students who meet the proper qualifications such as the McChesney Memorial Loan Fund for residents of Greene County, Ohio, the Bancroft Loan Fund for missionary candidates, the Polly Leunk Memorial Fund, the JDC Memorial Fund, the Miter Loan Fund, and others. A very limited amount of money is available to students with special needs through the college Student Aid Fund.

Other education loan programs may be available through local banks or specific organizations. High school guidance counselors can give you information concerning these. Farm children can arrange educational loans through their local Production Credit Association office.

The Director of Financial Aid can supply information concerning the above loans as to banks servicing these loans and specialized qualifications.

Student Employment

Although not able to guarantee employment, Cedarville College assists needy students by recommending them for part-time employment, both on the campus and in surrounding communities.

The college has students employed in various part-time jobs on campus. These opportunities include work such as campus maintenance, cafeteria, housekeeping, laboratory, library, and office assistants.

Part-time work is important not only for financial assistance but also for providing practical job training for the student. The experience gained from these jobs is useful when the student leaves the college to apply for full-time employment.

Although part-time student employment is not restricted to upperclassmen, freshmen should work only in the case of necessity. At least the first quarter of the freshman year should be devoted to study and to adjustment to college life. Students who must work more than 20 hours a week should not plan to carry a full load of classroom work.

National Direct Student Loans

Under authorization of the National Defense Education Act, Cedarville College has created a National Direct Student Loan Fund in cooperation with the federal government. Under the provisions of this act a qualified student may borrow in any one year a sum not exceeding \$1,500 and during his entire course he may borrow a sum not exceeding \$5,000.

Eligibility. In general, the same conditions of eligibility that govern the regular student aid program at Cedarville College apply to the National Direct Student Loan Fund. The most essential condition of an applicant's eligibility for a National Direct Student Loan is that he be in need of the required loan in order to pursue his course of study during the period for which the application is made.

Terms. The National Defense Education Act provides that the borrower must sign a promissory note for his loan. The repayment period and the interest do not begin until nine months after the student ends his studies. Loans bear interest at the rate of three per cent per year and repayment of the principal may be extended over a period of ten years, except that a minimum monthly payment of \$30 is required.

Repayment may be deferred up to a total of three years while a borrower is serving in the Armed Forces, with the Peace Corps, or as a Volunteer in Service to America (VISTA). Repayment is deferred for as long as a borrower is enrolled at an institution of higher education and is carrying at least a half-time academic work load.

Partial Cancellation. If a borrower becomes a fulltime teacher in a public or nonprofit elementary or secondary school, or in a public or nonprofit institution of higher education, and would be involved in teaching economically, mentally, emotionally, and physically handicapped children, as much as 65 per cent of the loan over a period of five years, plus interest thereon, may be cancelled at the rate of 15 per cent for years 1 and 2, 20 per cent, years 3 and 4 and 30 per cent, year 5. Borrowers who teach fulltime in schools where the program "Headstart" is in operation and who participate in the program may, under certain conditions, qualify for cancellation of their entire obligation at the rate of 15 per cent for each year of teaching service. Borrowers who enter the Armed Forces of the United States after June 30, 1970 and whose loan was made after April 13, 1970 may qualify for as much as one-half the loan, plus interest thereon, to be cancelled at the rate of 12 1/2 per cent for each year of consecutive service (not to exceed 50 per cent of the total loan).

Commercial Payment Plans for Educational Costs

This plan enables students and parents to pay education expenses in monthly installments. Low cost deferred payment programs are available through nationwide organizations specializing in education financing.

All plans include insurance on the life of the parent, plus trust administration in event of the parents' death or disability. Agreements may be written to cover all costs payable to the school over a four-year period in amounts up to \$14,000.

Parents desiring further information concerning these deferred payment plans should write the College Aid Plan, Inc., 1008 Elm Street, Manchester, New Hampshire 03101.

Academic Information

The Cedarville College program is designed to meet the educational, moral, physical, social, and spiritual needs of young people who desire to honor God with their lives. The total program represents a balance between the knowledge gained through the courses studied, the co-curricular activities, and worship in the regular chapel and church services. In such a setting, spiritual truths from Scripture are integrated with the knowledge taught in each course to provide effective learning and enduring life values. The knowledge and skills learned from the courses give the student an excellent background for professional competence in his chosen field.

Degree Requirements

Cedarville College grants two baccalaureate degrees: Bachelor of Arts (B.A.) and Bachelor of Music Education (B.M.E.). A degree candidate should carefully study the requirements for that degree as well as the special requirements for graduation found in this bulletin. Careful attention to these requirements will enable the student to avoid doing work which will not apply to a degree. General requirements are the following:

1. Meet all admission requirements.
2. Complete at least 192 quarter hours, 60 hours of which must be of upper division work (200-400 courses).
3. Maintain grade point average of not less than 2.00.
4. Establish minimum residency of one year (45 quarter hours, normally the senior year.)
5. Complete the general education requirements. (The Biblical Education requirement for freshmen and sophomore transfer students is 24 quarter hours; junior and senior transfers must complete at least one Biblical Education course each quarter of full-time residence.)
6. Complete the specific requirements for the required major. Minors may be declared but are optional.
7. Demonstrate proficiency in the use of the English language on a standardized examination or complete freshman English (LL120) with a 2.0 grade point average, or better, on a four point scale.
8. Complete at least two years of either classical or modern foreign language in high school or one year at the college level.
9. Graduating seniors are required to participate in the senior testing program by taking the Undergraduate Record Examinations scheduled.

Upper division students must realize that it is their own responsibility to check on their progress toward meeting all requirements for graduation. They are urged to plan the class schedule for each quarter of the senior year at pre-registration time at the end of the junior year. This plan should be approved by the faculty counselor and checked to see that when it is completed all degree requirements will have been met.

Students who cannot finish their program before the end of the Spring quarter in their senior year, but who can finish during the following summer, will be granted their diplomas upon completion of their programs at the summer commencement exercises.

Registration

The official dates of registration for each session are listed in the college calendar. Pre-registration periods may be designated for students in residence. Registration consists of the following procedures:

1. Arrangement of Schedule. Although each student has an academic counselor to help with scheduling, the student is entirely responsible for his course of study.
2. Approval of Schedule. Each student must have his schedule approved by his academic counselor.
3. Payment of Fees. The fee schedule must be approved by the Business office before registration is considered complete.
4. Drop/add of a course. Any course changes must be made by a drop/add sheet. These may be obtained in the Registrar's office.

Students are urged to register on the days provided. Nominal charges must be made for late registration.

Changes in the program caused by cancellation of courses will not involve financial penalty.

The catalog used when the student first matriculates is usually followed in defining graduation requirements. Therefore, he should keep that catalog as his guide in case changes are made in course or graduation requirements.

Major Field

The amount of work for a typical major field is usually about 45 quarter hours and must include the requirements of the department. Comprehensive majors are typically about 70 to 90 hours. Specific requirements are listed at the beginning of division course offerings. No courses in which "D" grades are received may be counted as meeting the requirements of the major field.

Minor Field

Twenty-four hours in one department normally constitutes a minor. Minor fields are optional.

Electives

The student's program has been planned so that he should have from ten to twenty hours of electives. The provision of elective choice is based upon the premise that the student should have an opportunity to either further strengthen his major field or minor field or further broaden his background by selecting courses in areas of inadequacy or interest. Elective choice also provides the student with some flexibility if he should decide to change major fields.

Sessions and Credits

The regular college year consists of three quarters of eleven weeks each, extending from October to June. Credits are earned in terms of quarter hours. A quarter credit hour is one fifty-minute period a week for one quarter. As an illustration; a student completing the work required in fifteen such periods a week for one quarter receives credit for fifteen quarter hours. Exceptions to this are laboratory sessions, applied music, and physical education.

Classification of Students

Regular students are those who have met the requirements for admission. Regular standing implies that the student is enrolled in a degree program and is carrying at least twelve quarter hours of credit.

Special students are those who have met most of the requirements for regular admission but are not enrolled in a degree program. This classification also includes those students whose high school record or ACT scores show that a period of special counseling, instruction and adjustment is needed before they can be classified as regular students.

Part-time students are those who have met all admission requirements and are enrolled in a degree program but are carrying less than twelve quarter hours credit.

Assignment to Classes

Official class membership is determined according to the following schedule:

<i>Class</i>	<i>Quarter hours completed</i>
Freshmen	less than 48
Sophomores	49 to 89
Juniors	90 to 134
Seniors	135 and more
Special	Assigned*

Academic Counseling

Each student is assigned to an academic counselor according to his major field of specialization or interest. The student should consult with his counselor not only at registration time but also throughout the year whenever he has an academic problem or is formulating plans for changes of educational programs or procedures. A student with low grades in a major or minor field may be advised to select another field of concentration.

Academic Load

A total of 192 quarter hours is required for graduation. Students should carry fifteen or sixteen credit hours each quarter if they wish to graduate upon completion of the twelfth quarter. Fifteen or sixteen hours each quarter is considered the normal academic load although the student is allowed to take up to eighteen hours without special permission from the Academic Dean.

Students working more than twenty hours per week are not advised to carry the full course of studies.

The student's academic load is subject to reduction or limitation by the Academic Dean for poor scholarship or excessive work outside of school hours.

Class Attendance

The objectives of class attendance generally include the development of personal motivation for appropriate attendance and the exposure of students to different attendance procedures. In general it is to be noted that regular attendance is necessary for the student to receive full benefit from his college experience.

Since there are several different ways in which ideal class attendance may be achieved, official faculty policy allows each faculty member to determine and develop attendance standards which will meet the particular needs of his own class.

*The Registrar and Dean of Students will assign "special" students to appropriate grade level for purposes of student personnel records on the basis of maturity, previous school records and other related factors.

The Grading System

Grades are issued at the end of each quarter. However, first quarter freshmen receive mid-term academic warnings if their grades are "D" or "F". It is the responsibility of each student to discuss his academic achievement with his instructor.

Grades received in courses indicate to the student the fields for which he has the greatest aptitude. A student with low grades in a major or minor field is advised to select another field of concentration.

- A — This grade is given in recognition of excellent achievement. It is indicative of superior work in quality and reveals a thorough mastery of the subject matter. The student receiving this grade should demonstrate enough interest to do some independent investigation beyond the actual course requirements.
- B — This grade indicates work and achievement that is well above average. The student receiving this grade should be capable of doing advanced work in this field. The quality of the work should be considered better than that achieved by the average student.
- C — This is an average grade and is indicative of a satisfactory meeting of requirements.
- D — This grade reveals accomplishment that is inferior in quality and/or quantity and is generally unsatisfactory from the standpoint of course requirements. This is the lowest grade for which credit can be given.
- F — This is a failing grade. It indicates very unsatisfactory work, and the course must be repeated for credit.
- Inc — The mark "Incomplete" is given when a student has done satisfactory work in a class but has been unable to complete all the required work because of extended illness or other extenuating circumstances. Under such circumstances the work may be made up within two full instructional weeks in the term or quarter following the end of the summer school term or quarter in which the "Incomplete" was given. If it is not completed in the prescribed time, the "Incomplete" becomes an "F". Required courses which have been failed must be repeated.
- CR — The mark "CR" means that credit has been granted and it also applies to the "Credit or No Credit Program" (NC) where credit was received for satisfactory (average or above) performance in the course. These hours apply toward the total graduation requirement but are not used in the computation of grade point averages.
- AU — This is given when a course is audited. A student must attend and participate in a course; however, receives no credit.
- WP — The "WP" is used to indicate that the student was "passing" when he dropped the course.
- WF — The "WF" is used after the fifth week of the quarter if the student is "failing" at the time of withdrawal. A "WF" is treated in the same manner as the "F" grade when figuring the grade point average.

Adding and Withdrawing from Courses

In order to add or drop courses, the student must complete a form provided by the Registrar's office. The form is to be initialed by both the course instructor and the student's academic counselor. The student will be required to make up

any work he has missed due to late entrance. No courses may be added after the end of the first full calendar week.

If the student drops a course, the Registrar's office records the action as follows:

<i>Week Course is Dropped</i>	<i>Action</i>
Before the end of first full calendar week	No record on transcript
Second full calendar week through fourth	"W" (Withdrawn)
Fifth through sixth	"WP" or "WF" (Withdrawn Passing — Withdrawn Failing)
After sixth	"WF"

The above course changes are not complete until the Registrar's office receives the completed course change sheet. The effective date of the course change is the date when the completed form is returned to the Registrar's office.

Refund information is listed on page 25.

Withdrawal from College

No student should leave Cedarville College without following proper withdrawal procedures. In withdrawing, a student must secure an official withdrawal form from the Registrar's office and return it signed by all the college personnel listed on it. He should give the Business office at least three days' notice of his intentions to withdraw if he expects to have any money refunded before he leaves. Any failure in following the proper withdrawal procedures will result in an assessment of \$5.00 being added to the account of the withdrawing student. Transcripts of withdrawn students will be marked as follows:

Withdrawal through the fourth week — "W"

Withdrawal from the fourth through the sixth week — "WP" or "WF"

Withdrawal after the sixth week — "WF" except in cases of serious illness or certain approved circumstances

The ID card must be turned in to the Registrar's office on the student's last day on campus.

Grade Points and Point Averages

Cedarville College uses the "four point system" to determine academic averages.

Grade points are awarded as follows:

Each quarter hour of A —	4 grade points
Each quarter hour of B —	3 grade points
Each quarter hour of C —	2 grade points
Each quarter hour of D —	1 grade point
Each quarter hour of F —	0 grade points

The grade point average is computed by dividing the total grade points earned by the total hours attempted.

Academic Warning and Suspension

Any student with a cumulative grade point average of less than 2.00 will receive notification of academic warning. If academic performance warrants, a student may be suspended at the end of any quarter. All students with forty-five hours

at Cedarville are eligible for suspension if their cumulative average is less than 2.00.

Faculty members and other counselors are readily available to discuss student progress. Students in academic difficulty must utilize these personnel to help them find solutions to their academic problems. They must submit to the academic dean's office the name of the counselor with whom they are working by the end of the first full week of the following quarter.

Academic warning implies no particular restrictions on college activities, but should be considered as a serious warning that the student faces academic suspension unless his grades improve.

The academic status of transfer students will be determined by using the total number of hours for which credit has been accepted in transfer at Cedarville College.

Honors and Awards

The Dean's Honor List. Until final awards are announced at Commencement, the highest academic honor possible to attain at Cedarville College is to be included on the Dean's Honor List. This list of high-ranking students is published at the end of each regular quarter.

The requirements for the Dean's Honor List are as follows:

1. A student must have a 3.75 grade point average.
2. A student must have no grade for the quarter lower than a "B."
3. A student must carry a minimum of 12 quarter hours of college work.
4. A student must complete every course he is taking by the end of the quarter when grades are turned in by the faculty. Any grade of "incomplete" will preclude a student's candidacy for the Dean's Honor List.

The Dean's List. Published at the end of each regular quarter, the Dean's List is issued with the following requirements:

1. A student must be carrying at least 12 quarter hours.
2. A student must maintain a 3.25 average for the quarter.
3. There must be no "incomplete" in any course.

Graduation with Honors. Upon recommendation of the faculty, a student who earns a grade point average of 3.50 will be graduated "with honor"; one who earns a grade point average of 3.70 will be graduated "with high honor"; and one who earns a grade point average of 3.85 will be graduated "with highest honor." A student must be in residence at least two full years (junior and senior) in order to qualify for honors.

The Arthur Franklin Williams Award. This annual award of \$100 is granted to the graduating senior majoring in the field of Biblical education. It is determined on the basis of scholastic ability, maturity, character, and spiritual leadership. The faculty of the Division of Biblical Education makes the annual selection.

The President's Trophy. All members of the senior class are eligible for this annual award, judged on the basis of scholastic ability, character, leadership, and sportsmanship. The Administrative Committee makes the annual selection.

The Faculty Scholarship Trophy. An annual faculty award is made to the graduating senior who has the highest cumulative grade point average. Eligibility must include 120 quarter hours taken at Cedarville College completed with nine regular quarters.

The Music Trophy. This trophy is awarded each year to a senior student selected by the music faculty. It is given for outstanding musical scholarship and for service to Christ through music.

The Edith Hart Milner Award. This annual award for excellence is granted a deserving junior majoring in English Literature. A citation accompanies the \$100 prize. This memorial has been provided by Dr. George S. Milner. Rules of award are determined by the faculty.

The Clara Monzelle Milner Award. This annual award for excellence is granted a deserving junior majoring in Teacher Education. A citation accompanies the \$100 prize. This memorial has been provided by Dr. George S. Milner. Rules of award are determined by the faculty.

The George Boyd Accounting Award. This \$100 award is presented annually on Honors Day to a deserving junior in accounting. A citation is included in the award.

The Wall Street Journal Award. This award is made annually to a graduating senior in business.

The Clifford R. Maddox Memorial Awards. An annual award of \$100 is granted to the graduating senior who has the highest average in the Undergraduate Record Examination Field tests or the GRE Advanced Tests.

Oxford University Press Scofield Bible Award. An embossed Scofield Bible is awarded to the graduating senior in Bible having the highest cumulative G.P.A.

CRC Press Chemistry Award. The current edition of the Handbook of Chemistry and Physics is presented to the student with the highest average for the year in beginning chemistry.

American Chemical Society Award. The Dayton Chapter of the American Chemical Society presents a one-year membership in the society, including a journal subscription, to an outstanding senior chemistry major selected by the faculty.

The Louise Smelser Memorial Award. An annual award of \$100 given to a graduating senior woman who has manifested true Christian ideals and dedication and who plans to enter missionary service. Selection is made by the Dean of Women and the Director of Christian Service.

Jimmy O'Quinn Evangelism Grant. An annual grant of \$250 will be awarded to an outstanding Senior who has actively participated in a local church ministry and, if possible, in campus evangelism and gospel team evangelism, whose conduct and deportment are exemplary and who, according to institutional policy, has demonstrated financial need.

Special Programs of Study

Nursing

Cedarville College offers two alternatives to students planning careers in nursing.

First, by working carefully with an academic advisor, the student can complete the required general education sequence and the courses required for certain majors within two years. These students then transfer to institutions which offer programs leading to the granting of the registered nurse status. Upon completion of the R.N., Cedarville College will grant a bachelor of arts degree in the major previously selected. The majors most often selected in order of preference are psychology, history, English, and speech. Science majors are chosen less often due to level of difficulty and the number of requirements.

Second, those who already have the R.N. may enroll at Cedarville and within two years complete the general education requirements and the courses re-

quired for one of the majors listed in the previous paragraph. The bachelor of arts degree is awarded in the chosen major.

Although this degree program does not have a strictly professional application, the student does have a liberal arts degree from a Christian college, has been able to take several Bible courses, and has had the Christian fellowship and service opportunities only a Biblically-related college can offer. The program also lends itself to preparation for careers in foreign missionary service.

It is possible for persons having the R.N. to get employment in area hospitals while enrolled in Cedarville, and there are some limited possibilities for employment in the college health center.

The degree granted in the previously described nursing program is not to be confused with the bachelor of science in nursing degree which is frequently required for those working in hospital supervision and professional nursing education.

Pre-Medical and Pre-Dental

A student desiring to attend a professional school of medicine or dentistry should examine the catalog of the professional school, and work closely with his academic counselor in preparing his program of study. Typically, the student will major in Biology or Chemistry, described in the Science and Mathematics section.

Pre-Pharmacy

A description of the pre-pharmacy program offered in cooperation with the College of Pharmacy at Ohio State University is described in the Science and Mathematics section of the catalog.

Correspondence Study

Although correspondence study seldom can replace the experiences gained through the actual classroom instruction and discussion, it is recognized that occasional utilization of correspondence study is necessary.

The total number of quarter hours of correspondence study accepted toward completion of degree requirements shall not exceed fifteen. In order for correspondence study to be acceptable, prior permission must have been received for each course from the instructor of the course involved, the academic counselor, and the Registrar. Correspondence study is not counted as residence credit, and therefore can not be counted toward the residence requirements. Permission forms are available in the Registrar's office.

Credits received for correspondence study are treated in the same manner as transfer credits.

Study Abroad Program of Christian Colleges (SAPOCC)

Students planning intensified study in languages are encouraged to participate in the SAPOCC program sponsored by King's College, Briarcliff Manor, New York. Three different programs are offered in France, England, Germany and Spain. Cedarville cooperates in this program with other Christian colleges. SAPOCC is a unique experience for Christian young people because it provides them with Christian living, fellowship, and Christian service opportunities in the foreign country as well as an excellent academic program.

The Educational Development Program

The Educational Development Program is organized to assist some students to overcome certain academic deficiencies as shown by their high school grades

or test records. The student enrolled in the EDP is given an opportunity to overcome deficiencies in his preparation. This non-credit program provides instruction in reading and study skill development along with counseling and special help in written English. The EDP is the equivalent of a four credit hour course when evaluated on the basis of time, and work required.

In addition to the specialized instruction, designed to greatly improve the student's academic performance, he is also expected to register for regular course work which, when combined with the EDP assignments, is equivalent to a normal class schedule.

Upon completion of the EDP, the student's performance and scholastic record is reviewed by the Admissions Committee to determine his readiness to follow a regular program normally scheduled by a full-time student.

Credit or No Credit Program

Credit-No Credit/Fail may be assigned by faculty members in such courses as student teaching, laboratories and independent studies.

The opportunity to take elective courses on a "Credit or No Credit" (CR or NC) basis offers students the occasion to develop background in new areas of study without threatening cumulative grade point averages.

The following rules govern the program:

1. Juniors and seniors shall be allowed to take elective courses on a credit or no credit basis. No more than one course may be taken in any one term.
2. Electives shall be those courses which will not count toward either general education, major, minors, or cognates.
3. In order to receive credit the student must maintain at least a "C" average in the course.
4. The maximum number of courses allowed per student shall be in relation to his grade point average, as follows:

2.0 — 2.49 — one course	3.0 — 3.49 — four courses
2.5 — 2.99 — two courses	3.5 and above — six courses
5. Following the end of the fourth week of the quarter, the student may not change a course from the credit or no credit system to the regular program.
6. The student may not change a regularly scheduled class to credit or no credit after the first full calendar week of the quarter.

Independent Study

As a result of the need for college students to develop a high degree of independence in their ability to choose and investigate problems, a special program in independent study has been organized. The objectives of the program include the provision for students to explore areas not covered in normal course structure, the provision of opportunities for self-motivation, and provision of opportunities for faculty and students to work closely on specialized projects.

It is a college objective to encourage student travel to foreign countries. Credit may be earned for such experience under the Independent Study Program.

Although the individual students and faculty members are to work together on the development of criteria for successful completion of an independent study project, the following rules serve as guiding principles in the operation of the program:

1. No student may enroll in more than one independent study situation during the same term.
2. Hours granted for any one independent study shall not exceed four quarter hours.
3. The faculty member supervising the independent study must review and initial the student's copy of the written proposal and the registration card. Registration for the independent study should be done at the beginning of the quarter in which the work is to be completed.
4. No more than eight hours in independent study may be counted toward the major field, no more than four hours toward a minor field, and no more than sixteen may be counted toward graduation. Independent study should not be taken outside of major and minor fields without written approval of the division chairman and academic dean.
5. Juniors and seniors are eligible for independent study. Sophomores may be considered to be eligible if they also have the approval of the academic dean and division chairman.
6. Grade point average shall not be a qualification for independent study, although the faculty member has the right to deny student participation for any reason the faculty member deems appropriate.
7. The grades of credit-no credit may be used as well as the regular marks at the discretion of the participating faculty member.

Testing Out Procedure

Qualified students are allowed to earn credit hours toward graduation by passing the appropriate examinations with a grade of "B" or better. Students interested in testing out must have division chairman approval. Tests can be taken during registration week or during the first two full calendar weeks of classes. The student will be granted hourly credit but will not be given a grade on the transcript. Students may not test out of a course they have audited and are not able to test out of more than twenty-seven quarter hours. A \$10 test fee must be paid in advance. This amount will be applied to the \$15.00 per hour fee if the student successfully passes the examination.

Business and Technical

Those students enrolled in college level business and technical courses in community colleges may wish to have such credits evaluated toward the bachelor's degree. A letter of request and an official transcript of credits will be needed for the Registrar to evaluate the acceptable credits. In some cases a substantial block of credits may be accepted from such schools.

INTERDISCIPLINARY STUDIES PROGRAM

Course Numbers and Designations

The course numbers are designed to be of help to the student in selecting courses at the appropriate level. The following system is used:

1. The first digit indicates the year in which the course is normally taken. Freshmen normally take 100 courses; Sophomores, 100 or 200 courses; Juniors, 200 or 300 courses; and Seniors, 300 or 400 courses. Courses beyond the student's classification may be taken only with the consent of the instructor and the Registrar.
2. The second digit usually indicates the area within the division.
3. The third digit generally indicates the sequence followed in offering the course. A zero indicates that the course will be offered every quarter.
4. The course numbers listed in sequence and separated by hyphens must be scheduled in the order shown. The course numbers separated by commas may be taken as individual units and not necessarily in the sequence shown.
5. The letters appearing as part of the course numbers are used to designate division titles, as follows: BE-Biblical Education, BA-Business Administration, ED-Education, IS-Interdisciplinary Studies, LL-Language and Literature, MU-Music, PE-Physical Education, PY-Psychology, SM-Science and Mathematics, SS-Social Science, SP-Speech.

The quarter that the course is offered is shown in italic letters following the course title as follows: A-Autumn, W-Winter, Sp-Spring, and Su-Summer. The number to the right of the course title is the credit given in quarter hours.

The college reserves the right to offer or withhold any of the courses listed.

Quarter and Credit Hours

In the course descriptions, which follow, the terms *quarter hours* and *credit hours* have been used interchangeably.

Alternate Year Courses

Some departments offer courses on alternate years. These are designated as "alternate, even years" or "alternate, odd years" based on the first school year number. Example: 1973-74 is an odd year.

Biblical Education

Professors: Robert G. Gromacki, *Chairman*; Jack R. Riggs

Associate Professors: Jean Fisher, Richard T. McIntosh

Assistant Professor: James M. Grier

Part-time Teachers: James T. Jeremiah, Lee C. Turner, George L. Lawlor, Mead C. Armstrong

The division of Biblical Education is comprised of A) Biblical Studies, B) Philosophy and Religion, C) Theology, D) Practical Theology, E) Biblical Languages, and F) Christian Education.

This division seeks to provide a Biblical foundation for a liberal arts education, presenting the great truths of the Scripture by studying correct principles of interpretation and proper application in order that the student may be an effective witness for Christ regardless of the vocation which he may be led to pursue. It also seeks to lay a good foundation for those persons called of God into full-time vocational Christian ministries.

The pre-seminary program is designed for students anticipating graduate work. Seminary candidates should consult seminary catalogs to determine detailed requirements and adjust their program at Cedarville College accordingly.

The purpose of the Biblical Education Comprehensive major is to provide training for the person who upon graduation will go out directly as a director of Christian Education, a youth worker, a missionary candidate, or as a pastor.

Certain emphases can be gained through course selection and supervised field experiences. Future Christian Education directors and youth workers can gain a minor in this area besides a practicum in their area of interest. Pastoral candidates can elect a student internship in pastoral ministries to reinforce their academic program. A *missions* emphasis can be achieved through the following interdisciplinary program:

226	Religion and Culture
242	Missions Survey
245	Contemporary World Missions
430	Independent Study — Missions
450	Missionary Internship
SS	History (Choice)

Business Administration

Associate Professor: William R. Riter, *Chairman*

Assistant Professor: James E. Seaman

Part-Time Teachers: David A. Haffey, Kenneth H. St. Clair, Elmer Tudor

The division of Business Administration is comprised of A) Accounting, B) General Business, C) Economics, D) Management, E) Marketing.

This division intends to prepare students for careers in business, graduate study in business and economics, and church financial leadership.

Certification for teaching Business subjects in the secondary schools is available in bookkeeping-basic business and in sales-communication. Certification by the State of Ohio also is available in the following business related fields if the student takes appropriate courses in recognized schools and meets the other requirements at Cedarville College.

Business Education (Comprehensive)

Shorthand

Data Processing

Typing

If the student is planning to add these fields to his regular certification, further information should be secured from the chairman of the Division of Business Administration.

The Department of Education

Professor: Merlin F. Ager, *Chairman*, Dwayne I. Frank

Associate Professors: Irma M. Dodson

Assistant Professors: Lila C. Seaman

Instructor: Howard T. Burt (Part-time)

The Department of Education offers instruction with the purpose of providing competent, enthusiastic teachers for public, Christian and missionary schools. Approval by the State of Ohio Department of Education has been granted to offer programs leading to the four-year Ohio teaching certificate in the following areas: (1) *Elementary Education* (grades 1-8); specialization is also available in Physical Education and Music. (2) *Kindergarten-Elementary Education* (grades K-8). (3) *Secondary Education* (grades 7-12); teaching fields include biology, bookkeeping-basic business, chemistry, communications, English, general science, health, history, mathematics, music, physical education, physics, political science, sales-communication, comprehensive science, social psychology, comprehensive social studies and speech. (4) *Special Teaching* (grades K-12) in music and physical education.

Individualized programs are possible for those interested in teaching grades five through eight (*middle school*). Programs in special education, comprehensive business education, and other disciplines not offered at Cedarville are often available at nearby universities, greatly expanding opportunities for the Cedarville student.

Those interested in being especially qualified for teaching in *Christian Schools* should follow these guidelines:

1. Complete the regular teacher education programs.
2. Enroll in the following courses within the general education requirements of the college.
 - a. Introduction to Philosophy (humanities elective)
 - b. Biblical Interpretation (Bible elective)
 - c. One Bible book study course beyond OT and NT (elementary) Christian Guidelines (secondary teachers)

3. Enroll in the following additional courses
 - a. The Christian School
 - b. *One* of the following:
The Inductive Method of Bible Study
Methods of Bible teaching
4. Student Teach in a Christian School
(When placement is not possible, four (4) hours of teaching Bible in a Christian School will be required in addition to the regular student teaching.)

Those completing the Christian School program will receive special recognition for so doing from Cedarville College.

Students completing programs leading to Ohio certification will be able to obtain certification in most states. Those planning to teach in states other than Ohio should consult with the Education Department in order to be aware of special requirements and problems in those states.

Admission to and Retention in the Teacher Education Program

Students may apply for admission to the Teacher Education Program near the conclusion of their sophomore year, generally the spring quarter. To be admitted, they must meet the following requirements:

1. Minimum cumulative GPA of 2.4 in all courses.
2. Minimum cumulative GPA of 2.4 in teaching field courses.
3. A grade of C or above in all communication courses.
4. Minimum percentile rank of 35 on the English Proficiency Exam using college sophomore norms.
5. Recommendation of all teaching field advisers and approval of the Teacher Education Committee.
6. Completion of the Zaner Bloser handwriting course (elementary only).
7. Completion of at least one POPE.
8. Completion of Human Growth and Development or Educational Psychology.
9. Completion of Foundations of Education.

Retention in the program and admittance to student teaching require the following in addition to the admission requirements:

1. The grade of C or above in all professional education courses and teaching field courses.
2. Recommendation of all teaching field departments.
3. Completion of 130 hours to student teach fall quarter.
Completion of 145 hours to student teach winter quarter.
Completion of 160 hours to student teach spring quarter.

Elementary and Kindergarten Education Programs

Elementary education certification includes grades 1-8. The elementary education certificate may be validated for kindergarten upon successful completion of eight quarter hours in kindergarten methods and materials and a course in Developmental Psychology.

Programs in elementary education are also available in physical education and music and qualify one to teach that subject in grades K-8. Information regarding these programs is available in the Education Office.

Courses for the elementary education program in addition to the college's general education requirements include the following:

Music in the Elementary School	3
School Health Program.....	4
Physical Education in the Elementary School	3
Mathematics for Elementary Teachers.....	10
United States History.....	10

Language and Literature

Associate Professors: Harmon Bergen, Edward L. Greenwood, Edward E. Spencer,
Chairman
Assistant Professors: Pat L. Dixon, Ronald M. Grosh
Instructor: Carmen Shirk

The division of Communication is comprised of A) English Language, B) World, English, and American Literature, C) Spanish, D) German, E) Greek.

The English Department seeks to achieve the following objectives: (1) to speak and write correctly and effectively; (2) to read and appreciate the great masterpieces of English and American and World Literature; (3) to teach intelligent standards for evaluating literature; (4) to provide a general knowledge of the chronology and the social and intellectual background of English and American Literature; (5) to prepare students for graduate work in the field of English; (6) to prepare teachers of English.

A qualifying test in English grammar is a requirement for the student who elects either of the two programs in English. The qualifying test should be taken by the middle of the sophomore year. An average of 2.5 in English course work is an acceptable criteria for the student who elects the English teaching field program and an average of 3.0 for the student who elects the English major in preparation for graduate school. Students who choose English as a major are expected to acquire a reasonable level of competency in the discipline of the English language.

Students receiving a high score on the ACT, or SAT will enroll in the LL121, Advanced Rhetoric and Composition. Students who have taken the CEEB advanced placement test will begin the sequence with LL130, Literature and Composition.

Requirements for a Minor in English. Twenty-four or twenty-five quarter hours including Rhetoric and Composition, 120; Literature and Composition, 130; World Literature, 231; and Major American Writers 232, 233 or Major British Writers, 241, 242; and elective(s) from Creative Writing, 303; The English Language, 305; Principles of Linguistics, 306; or Shakespeare, 335.

Communication Major. Ninety quarter hours. A student with a Communication major will select course work well distributed over the following areas: Advanced composition, English language, and linguistics, literature, including English, American, and world literature; speech and drama; journalism; and reading. A suggested minimum is 41 quarter hours in English and 27 in speech and drama or 41 in speech and drama and 27 quarter hours in English; 12 to 14 quarter hours in journalism; and 8 quarter hours in reading. The certificate is valid for teaching an integrated communications course and all of the component areas.

Psychology

*Professors: Stanley N. Ballard, Chairman; Jack H. Scott
Associate Professor: Robert D. Abbas*

The objectives of the Department of Psychology are:

1. To provide an intensive introduction to the basic problems of the science of psychology, their historical development, and the important practical issues to which they are related.
2. To provide a core of courses in the discipline that will enable students to gain the background necessary for graduate study in psychology.
3. To aid students in their personal adjustment to everyday life through an understanding of human behavior.
4. To provide courses in psychology necessary for teacher certification.
5. To prepare students to be a "generalist" or a middle level professional person who will work directly with people in out-patient or in-patient settings. Career opportunities are beginning to open up for college graduates who have majored in psychology. Often the student will have to "search out" the job opportunities, but they are becoming more available. Opportunities can be found in state hospitals and mental health centers, state institutions for the retarded and county programs for the retarded, community health and social agencies, geriatric facilities, and in certain correctional and rehabilitation centers.

Requirements for a Major in Psychology. Fifty-five quarter hours in Psychology including:

160	General Psychology.....	5
261	Psychological Statistics I	5
264	Psychology of Abnormal Behavior.....	5
361	History and Systems of Psychology.....	4
365	Psychology of Learning	4
366	Fundamentals of Counseling	5
368	Experimental Psychology.....	5
369	Social Psychology	4
464A	Literature Seminar in Psychology.....	4
	Additional hours in Psychology	15

Majors in psychology are encouraged to take a broad spectrum of courses in their undergraduate education. Course work in biology, mathematics, and philosophy is highly desirable.

SM120, 216, 303, 306, 184, 185, 281, 282, 283, 384 and BE220 and 322 are courses that are especially relevant to the psychology major.

Requirements for a Minor in Psychology. Twenty-four quarter hours in psychology including 160 and 264.

All psychology majors are required to take PY464A during their senior year; PY464B is available to student with advanced standing in psychology. *Prerequisite:* Majors or minors in psychology and consent of instructor

499 Psychology Internship — A, W, Sp, Su**5-15 hours**

Junior and Senior psychology majors who engage in psychological activity at a clinic, hospital, or other mental health institution may register for 5 to 15 hours credit. The approval of the Department is necessary for any proposed internship. One member of the psychology department will supervise the student's internship. The psychology department will determine the amount of credit hours that will be given for individual work experience.

Music

Professor: Robert C. Monroe

Associate Professors: Charles L. Ellington, David L. Matson, *Chairman*

Assistant Professors: Lyle J. Anderson, Dean A. Kool, Jack R. Payne, L. Daryle Worley

Instructor: Philip L. McClure

Purposes

This department seeks to glorify God through the development of the whole man, (spiritually, academically, artistically, socially); to develop in the evangelical Christian a better appreciation and understanding of God's creation which most definitely includes all of the arts (musical, visual, literary and dramatic); to provide a variety of musical experiences with emphasis on the study and performance of selected musical literature representative of a wide range of periods, styles, nationality, forms, composers and media; to help students to discover and develop aptitude and to encourage them in further studying; to increase the students understanding of the art of music and its place in contemporary life.

General Requirements

Applicants for the music programs will follow the standard application procedure for the college, but will be admitted to the music programs only by audition. Auditions may be made by tape and submitted to the music department, preferably in the spring, or personal auditions may be held on the campus by special appointment.

All students wishing to enroll in any of the various programs offered by the music department must take the Music Placement Abstract to complete registration.

All majors must meet the requirements established by the department for Sophomore level performance proficiency in the recital area in order to continue in the music program. This review will be held at the end of the spring quarter of the Sophomore year.

All majors will be required to meet before a committee comprised of music faculty members during the spring quarter of the Junior year. This junior seminar will require the individual to exhibit satisfactory knowledge of content within his discipline.

All majors and minors must meet the proficiency standards for piano as established by the department. This proficiency is to be exhibited prior to the student's senior recital.(*).

All majors are required to exhibit a performance level which meets the requirements and standards of the department. This will be accomplished through a recital given during the individual's Senior year.

Scholarships

Limited scholarships or work grants are available for those needing financial aid. Requests for applications and information should be submitted to the Director of Financial Aid, Cedarville College.

(*)Piano proficiency standards may be obtained by writing to the Department of Music

COURSES IN APPLIED MUSIC

Private instruction for credit in piano, voice, and orchestral and band instruments is available to all music majors. Students other than music majors will need special approval from the music department. Private instruction for credit on any instrument for which a resident college teacher is not available may be arranged, for all music majors, with qualified off-campus teachers approved by the music department. The department will assist in scheduling private instruction off campus.

All students studying privately, whether music majors or not, are required to attend all recitals.

Credit in applied music study is based on a minimum of one hour of daily practice and one-half hour lesson per week for one hour of credit. Original registration is by satisfactorily passing an entrance audition. Continued registration is based upon satisfactory progress determined each quarter by the music faculty at the time of applied music jury examinations. Students on academic warning may be denied applied music lessons. A freshman must be enrolled in some additional course or performing group to be eligible for lessons. A student must be carrying at least ten credit hours in addition to music lessons or pay a \$40.00 registration fee per quarter hour of lessons.

Science and Mathematics

Professors: Donald P. Baumann, *Chairman*; Walter L. Griffeth, Daniel E. Wetzel, Larry S. Helmick

Associate Professors: Austin D. Elmore, L. Bert Frye, Lawrence N. Killian

Assistant Professor: E. Dane Harvey

The Department of Science is comprised of A) Biology, B) Physical Science and C) Mathematics.

This Department aims to acquaint the student with the field of science and to aid him in developing clear and orderly thinking processes through the use of the techniques of science and mathematics. The division seeks to help the student to appreciate the facts of creation as studied in the physical and natural sciences. Such an appreciation is vital to a complete Christian view of the world in which we live.

Requirements for Major in Biology. Forty-five quarter hours in biology, including:

104	Intro. to Cell Biology	5
115	General Zoology	5
134	General Botany.....	5
303	Ecology.....	5
306	Genetics.....	5
	Electives in Biology	20
	Additional requirements	
151, 152	General Chemistry	8
153	Qualitative Analysis.....	4
184	Introduction to Analysis (or equivalent).....	5
257	Organic Chemistry	4
356	Biochemistry	5
440	Seminar	1

Students in a premedical or predental program should include:

Mathematics and Physics, electives from	
271-272-273, 281-282-283	20-30
Psychology, electives from	
PY160, 260, 264, 366, 463	10-20
Physical Education and Sociology, electives	
from PE122, 123, 250, 313, SS230, 231	8-20

Students preparing for graduate study are encouraged to include:

271-272-273	General Physics.....	15
258, 259	Organic Chemistry.....	9
281-282-283	Analytic Geometry and Calculus.....	15

Requirements for Major in Chemistry. Forty-eight quarter hours in Chemistry, including:

151-152	General Chemistry	8
153	Qualitative Analysis.....	4
254-255	Quantitative Analysis and Analytical Chemistry	8
257-258-259	Organic Chemistry	13
451-452-453	Physical Chemistry	12
	Electives in Chemistry	3

Additional Requirements	
271-272-273 General Physics.....	15
281-282-283 Analytic Geometry and Calculus.....	15
440 Seminar.....	1
Students preparing for graduate study are encouraged to include:	
378-379 Modern Physics.....	10
387 Differential Equations.....	5
Students in a premedical or predental program should include:	
Psychology, electives from PY160,	
260, 264, 366, 463.....	10-20
SS230 Principles of Sociology.....	4
SS331 Marriage and the Family.....	5
SM436 Radiation Biology or SM378-379 Modern Physics may be substituted for SM453 Physical Chemistry.....	5-10
Biology electives from SM104, 115, 211, 213, 216, 217, 238, 306.....	15
Requirements for Major in Mathematics. Forty-five quarter hours of mathematics courses including:	
281-282-283 Analytic Geometry and Calculus.....	15
387 Differential Equations.....	5
Electives from 300 and 400 level courses in mathematics.....	25
Additional requirements:	
271-272-273 General Physics.....	15
440 Seminar.....	1
Additional courses from astronomy, physics or chemistry are encouraged.	
Requirements for a Major in Medical Technology.	
<i>Biology — 25 quarter hours</i>	
104 Intro. to Cell Biology.....	5
216 Human Anatomy and Physiology.....	5
238 Introductory Microbiology.....	5
306 Genetics.....	5
Biology Electives.....	5
<i>Chemistry — 29-30 quarter hours</i>	
151, 152 General Chemistry.....	8
153 Qualitative Analysis.....	4
254 Quantitative Analysis.....	4
255 Analytical Chemistry.....	4
257 Organic Chemistry.....	4
Elective from Organic Chemistry, 258, 259 or	
Biochemistry, 356.....	4-5
<i>Mathematics</i>	
Introduction to Analysis, 184.....	5
<i>Hospital Internship — 48 quarter hours</i>	
The actual number of hours may exceed 48, depending on the particular School of Medical Technology. Completion of internship will not be a prerequisite to graduation, providing all other requirements have been met.	
Requirements for Minor in Biology. Twenty-four quarter hours of biology including Biology 115 and 134.	
Requirements for Minor in Chemistry. Twenty-four quarter hours of chemistry, including Chemistry 151, 152, 153, 257 and 254.	

Requirements for Minor in Mathematics. Twenty-five quarter hours of mathematics courses, including Mathematics 281, 282, 283 and at least one 300 or 400 level course.

Requirements for Minor in Physics. Twenty-five quarter hours of physics from Physics 271, 272, 273, 276, 378, and 379.

PRE-PHARMACY PROGRAM

Cedarville College, in cooperation with The Ohio State University College of Pharmacy, offers a five-year program for pre-pharmacy students. In this program the student attends Cedarville College for one or two years and, upon acceptance to the College of Pharmacy, attends Ohio State University for the remainder of the five-year period. After satisfactory completion of this program, the student will receive a Bachelor of Science in Pharmacy degree from Ohio State University. Detailed information on this program is available from Cedarville College or from The Ohio State University College of Pharmacy, 5500 West Twelfth Avenue, Columbus, Ohio 43210.

Medicinal and Pharmaceutical Chemistry	
Pharmaceutics	
Pharmacognosy and Natural Products Chemistry	
Pharmacology	
Electives	8 hours

DIVISIONAL COURSES**120 Introduction to Computer Programming****1 hour**

A three-week course in which the use of the computer, as an educational tool, is stressed. Each student will learn the basic principles of programming and will be required to write several simple programs relating to his academic major. Time-sharing facilities will be available for program debugging and execution.

440 Seminar**1 hour**

Presentation of selected topics by students, faculty and guest lecturers. The student's presentation will be from either library or laboratory research. Required of all Biology, Chemistry and Mathematics majors. A total of two credit hours is allowed. *Prerequisite:* Senior classification with a major or minor in the Division of Science and Mathematics

A. BIOLOGICAL SCIENCE**100 Principles of Biology****5 hours**

A presentation and development of biological principles common to both animal and plant kingdoms. A consideration of basic biological phenomena with considerable emphasis upon the molecular approach. The course is designed for the non-science major.

Four lectures, and one 2-hour laboratory per week.

104 Introduction to Cell Biology — A**5 hours**

Structure and function of plant and animal cells are explored, with emphasis on central concepts. This is the first biology course for majors; it may be taken by others with good preparation in high school biology and chemistry.

Three lectures and two 2-hour laboratories per week.

115 General Zoology — W **5 hours**
A survey of the animal kingdom and of zoological principles, with an introduction to anatomy, physiology, and classification.

Three lectures and two 2-hour laboratories per week.

134 General Botany — A **5 hours**

A study of basic functions and structures of plants beginning with the algae and fungi and finishing with the flowering plants. The methodology and techniques of plant science are emphasized.

Four lectures and one 3-hour laboratory per week.

203 Natural Resource Conservation **5 hours**

An ecological approach to natural resource conservation with emphasis on population, air and water pollution, wildlife conservation and other contemporary ecological problems. The course is designed for non-science majors. Science majors may take the course as an elective only.

Four lectures and one 2-hour laboratory each week. *Prerequisite:* Biology 100 or permission of instructor

211 Vertebrate Embryology **5 hours**

A study of the initiation and development of tissues and organs, with emphasis on embryonic development of vertebrates, including the human.

Three lectures and two 3-hour laboratories each week. *Prerequisite:* Biology 115
(Alternate, odd years)

212 Invertebrate Zoology — W **5 hours**

A survey of representative invertebrates, to include morphology and relations.

Three lectures and two 3-hour laboratories per week. *Prerequisite:* Biology 115
(Alternate, even years)

213 Vertebrate Zoology — Sp **5 hours**

A study of the various vertebrate groups, with emphasis upon vertebrate anatomy. Three lectures and two 3-hour laboratories per week. *Prerequisite:* Biology 115

(Alternate, even years)

216-217 Human Anatomy and Physiology — A, W **5 hours**

A study of the systems and functions of the human body with the primary emphasis being given to muscle and nerve physiology.

Four lectures and one 2-hour laboratory per week. *Prerequisite:* Biology 100

235 Plant Anatomy — W **5 hours**

Plant cells, tissues and organs will be studied in detail. Attention will be given to micro-technique involving the killing, fixing, embedding, sectioning, staining and mounting of tissues.

Three lectures and two 3-hour laboratories each week. *Prerequisite:* Biology 134
(Alternate, odd years)

236 Taxonomy of Seed Plants — Sp **5 hours**

The study includes the classification of the flowering plant with some time given to the history of classification and the various systems by which the angiosperms have been catalogued. A collection of plants will be made by each student.

Three lectures and two 3-hour laboratories each week. *Prerequisite:* Biology 134
(Alternate, even years)

238 Introductory Microbiology — Sp **5 hours**

A study of plant microorganisms and viruses and their relationship to man's economy and hygiene. Basic laboratory techniques are stressed.

Three lectures and three 2-hour laboratories each week.
Prerequisite: Biology 100, Chemistry 151 (Alternate, odd years)

300 Methods of Teaching Biology **3 hours**

A study of principles, methods, and techniques of teaching biology including the function of lectures, field trips, demonstrations and laboratory work along with the selection of supplies, equipment and facilities. *Prerequisite:* SM115 and SM134, and admission to the teacher education program or permission of the instructor.

303 Introduction to Ecology — Sp**5 hours**

A study of the inter-relations of plant and animal life and their environments. Frequent field trips will be taken.

Three lectures and two 3-hour laboratories per week. *Prerequisite:* Biology 115 or 134
(Alternate, odd years)

306 Genetics — W**5 hours**

A study of the principles of heredity, their application to plant, animal and human life. Three lectures per week, lab by arrangement. *Prerequisite:* Biology 100

400 Independent Study in Biology**1-4 hours**

Independent experimental study involving a particular biological phenomenon. Submission and approval of a research proposal must precede registration. *Prerequisite:* Major in Biology and permission of advisor

436 Radiation Biology — Sp**5 hours**

The effects of ionizing radiation on biological systems and methods of using radioisotopes are presented. Introductory material on radiation physics and dosimetry will be included. The laboratory exercises will introduce the student to basic instrumentation and techniques in the safe handling of radioisotopes. The course may be applied to either a biology or a chemistry major.

Three lectures and two 3-hour laboratories per week. *Prerequisite:* 1 year of chemistry, 1 course in Biology, 1 course in Mathematics
(Alternate, even years)

B. PHYSICAL SCIENCE**151-152 General Chemistry — A, W****4 hours each quarter**

A study of the fundamental facts and principles of chemistry. Quantitative techniques are stressed in the laboratory.

Three lectures and one 3-hour laboratory each week.

153 Qualitative Analysis — Sp**4 hours**

A study of the theory and practice of identification of inorganic anions and cations.

Three lectures and one 3-hour laboratory each week. *Prerequisite:* Chemistry 152

160-161 Introduction to the Physical Sciences**5 hours each quarter**

An introductory study in the sciences of astronomy, geology, and meteorology in 160, and physics, chemistry and space science in 161. The course is designed especially for the general education program. Cannot be applied to a science major or minor.

Four lectures and one 2-hour laboratory each week.

166 Introduction to Physical Geology — Sp**5 hours**

An introductory study of the earth and its environment, with emphasis on erosion processes, metamorphism, igneous activity and the structural features of the earth's crust.

Four lectures each week, laboratory by arrangement. *Prerequisite:* High School geometry

254 Quantitative Analysis — A**4 hours**

A study of the theory, techniques and calculations involved in gravimetric, volumetric and instrumental analysis or organic inorganic substances.

Two lectures and two 3-hour laboratories each week. *Prerequisite:* Chemistry 152
(Alternate, even years)

255 Analytical Chemistry — W**4 hours**

A continuation of Quantitative Analysis, with emphasis on instrumental analysis.

Two lectures and two 3-hour laboratories each week. *Prerequisite:* Chemistry 254
(Alternate, even years)

257-258-259 Organic Chemistry**4 hours autumn and winter quarters****5 hours spring quarter**

A detailed study of the general principles, aliphatics, aromatics, natural products, etc. Emphasis is placed on mechanisms.

Three lectures and one 3-hour laboratory each week. *Prerequisite:* Chemistry 152

264 Introductory Astronomy — A

5 hours

An introductory study designed to give a general knowledge of concepts, principles and laws pertaining to a God-created universe, with some emphasis on techniques used to obtain this knowledge.

Four lectures each week, laboratory by arrangement including field observations at college observatory. *Prerequisite:* High School geometry or permission of instructor

271-272-273 General Physics

5 hours each quarter

Basic concepts of mechanics, heat, sound, light, electricity, magnetism and modern physics.

Four lectures and one 2-hour laboratory each week. *co or Prerequisite:* Mathematics 281

276 Electricity and Magnetism

5 hours

Basic concepts of electricity and magnetism, AC and DC circuits, electromagnetism, basic electronic circuits. *Prerequisite:* Physics 272

(Alternate, odd years)

356 Biochemistry — Sp

5 hours

A study of carbohydrates, lipids, proteins and nucleoproteins and their relationship to life and metabolic processes.

Four lectures and one 3-hour laboratory each week. *Prerequisite:* Chemistry 257

(Alternate, even years)

378-379 Modern Physics

5 hours each quarter

An extension of basic concepts of Modern Physics learned in General Physics. Topics covered include: structure of matter, electricity and light, kinetic theory, x-rays, nuclear reactions, atomic and nuclear structure, radioactivity. *Prerequisite:* Physics 273

(Alternate, even years)

450 Independent Study in Chemistry

1-4 hours

Independent experimental study of some chemical phenomenon.

451-452-453 Physical Chemistry

4 hours each quarter

A study of the properties of chemical systems, including the fundamentals of thermodynamics, chemical dynamics and quantum mechanics.

Three lectures and one 3-hour laboratory each week.

Prerequisite: Chemistry 254 *co or Prerequisite:* Physics 273

(Alternate, odd years)

C. MATHEMATICS

180 Introduction to Mathematics

5 hours

An introduction to mathematical concepts, including logic, set, theory, geometry, trigonometry, statistics, matrices and determinants, and mathematical systems with applications to various disciplines. The course will satisfy general education requirements.

182-183 Mathematics for Elementary Teachers

5 hours each quarter

Sets, logic, number systems, algorithms, statistics, geometry, algebra, trigonometry and other topics related to the elementary school curriculum will be covered. A substantial part of the second quarter will be devoted to the latter three topics. The course will not satisfy the general education requirements except for elementary education majors. *Prerequisite:* Major in Elementary Education or permission of instructor

184-185 Introduction to Analysis — W, Sp

5 hours each quarter

A general introduction to modern methods of analysis, including topics from algebra and trigonometry. The course is designed for students with inadequate preparation for calculus. *Prerequisite:* Two years high school mathematics or permission of instructor

281-282-283 Analytic Geometry and Calculus

5 hours each quarter

An integrated course of the basic concepts of analytic geometry and the calculus. Includes theory of limits, derivatives, integrals, conic sections, solid analytic geometry, partial derivatives, multiple integrals, infinite series, differential equation. *Prerequisite:* Mathematics 184 and 185 or equivalent

384 Probability and Statistics — A

5 hours

Probability, binomial, normal, t -, chi square and F- distributions, regression and analysis of variance will be studied from theoretical and practical viewpoints.

Prerequisite: Mathematics 282

(Alternate, even years)

- 386 Modern Geometry — Sp** **5 hours**
Advanced Euclidean and projective geometries. A study of lines, similar figures, loci, properties of triangle and circle, inversion and three dimensional vector geometry. *Prerequisite:* High School Plane Geometry, Mathematics 184 and 185 or equivalent
(Alternate, odd years)
- 387 Differential Equations — A** **5 hours**
A study of the standard techniques employed in the solution of differential equations with emphasis on those arising from physical problems. *Prerequisite:* Mathematics 283
- 388 Advanced Calculus — W** **5 hours**
Topics in differential calculus, functions and series. Includes partial differential equations and Fourier Series. *Prerequisite:* Mathematics 387
(Alternate, odd years)
- 394 Linear Algebra — A** **5 hours**
The course is an introduction to the algebra of linear equations, including determinants, matrices, vector spaces, eigenvalues, and eigenvectors, and linear mapping. *Prerequisite:* Mathematics 283
(Alternate, even years)
- 396 Modern Algebra — S** **5 hours**
Sets and logic are introduced, and the development of algebraic systems, groups, rings, integral domains and fields are studied. *Prerequisite:* Mathematics 282
(Alternate, even years)
- 480 Topics in Mathematics** **2-5 hours**
Various topics to be offered as interest may demand. Intended for majors in mathematics. Permission of instructor required. Some typical topics: (a) Matrix Algebra, (b) Vector Analysis, (c) Numerical Analysis, (d) Introduction to Computer Programming, and (e) Partial Differential Equations.
- 490 Independent Study in Mathematics** **1-4 hours**
An opportunity to perform independent research in the various branches of mathematics and allied fields of application. Submission and approval of a research proposal must precede registration. *Prerequisite:* Major in mathematics and permission of research advisor

Social Science

Professors: Cleveland McDonald, *Chairman*; Allen L. Monroe, J. Murray Murdoch
Associate Professor: James McGoldrick
Assistant Professor: Joseph G. Halsey
Part-time Teacher: David Wall

The division of Social Science is comprised of A) History, B) Sociology, C) Geography, D) Political Science.

This division seeks to present to the student the origin and development of ideas and institutions; to aid the student in gaining a better perspective of the facts of history, the functions of government, and the nature of society; to acquaint the student with a practical appreciation of the methods and tools of original research projects; to provide the student with an opportunity to formulate and express the results of investigation and study; and, finally, to lead the student to see the plan of God through the centuries by pointing out and emphasizing the harmony which exists between the facts of secular knowledge and the truths of the Bible.

Requirements for a Major in Social Science. Seventy quarter hours, including:

100 Foundations of Social Science.....	5
201, 202, 203 History of Civilization.....	9
211, 212 United States History	10
230 Principles of Sociology.....	4
261 American National Government	5
231, 232 Principles of Economics.....	10
251 World Regional Geography-Western Hemisphere.....	5
252 World Regional Geography-Eastern Hemisphere	5

Additional hours must be taken in one of the following areas of concentration:

- History: complete nineteen quarter hours including History Seminar 400.
- Sociology: complete nineteen quarter hours.
- Political Science: complete nineteen quarter hours including Social Science Seminar 493.

SS100 may be waived

Requirements for a Major in History. Forty-five quarter hours, including:

201, 202, 203 History of Civilization.....	9
211, 212 United States History	10
400 Seminar in History.....	5
Elective hours in History*.....	21

Requirements for a Major in Behavioral Science. A major designed for students interested in individual and group behavior. This area is recommended for students who desire to work with people in the various settings offered by the fields of psychology and social work. See requirements for the Behavioral Science Major under the Department of Psychology.

*IS213, American Minorities, and Economics 334, History of Economic Thought, are acceptable as History electives.

Requirements for a Major in History and Political Science. Seventy quarter hours, including:

201, 202, 203	History of Civilization.....	9
211, 212	United States History	10
220	History of the Far East	3
311	Early American History	5

366	International Relations	5
461	Political Dynamics.....	3
468	History of Political Thought — Ancient.....	3
469	History of Political Thought — Modern	3
400A	Seminar in History	
or 493	Seminar in Social Science (Political).....	5
Eleven additional hours to be taken in political science from:		
361	The American Presidency	4
363	The Supreme Court.....	3
462	American Constitutional Law.....	4
466	Comparative European Government.....	3

Requirements for a Minor in History. Twenty-three quarter hours, including History 211, 212, 201, 202, 203, and four hours of electives* in history.

Requirements for a Minor in Sociology. Twenty-four quarter hours, including Sociology 230; twenty hours of electives in Sociology.

Requirements for a Minor in Political Science. Twenty-four quarter hours, including SS 261, American National Government, and SS 262, American State and Local Government; fifteen hours of electives in Political Science.

Speech Communications

Associate Professor: Marlin I. Rayburn

Assistant Professors: James R. Phipps, *Chairman*

Instructors: Roger Booth, Marsha Shepard

Part-Time Teachers: Miriam B. Maddox, Clifford W. Johnson, Deborah Haffey, Robert Burkett

The Department of Speech Communications offers seven basic areas of emphasis: rhetoric and public address, communication theory, drama, forensics homiletics, oral interpretation, and broadcasting. A combination of theory and practice is used to help the student learn to communicate effectively in a wide range of experiences. Students may also have individual help with speech problems.

It has been found that speech is the most widely accepted major for those considering future work in public relations, personnel management, consultancy programs, media communications, and corporate executive training, as well as being a good background study for those considering law, sales, or politics as future career choices. In combination with Biblical studies, speech has been used as a basic preparation for those interested in attending seminary after graduation.

Beyond this, the speech major is an excellent choice for those who intend to go on to graduate training and for those wishing to teach secondary school.

Private speech courses in preparation for recital, public performance, or contests are available in the department.

Certification in a Communications teaching field can be gained from a combination of 41 hours of Speech, 27 hours of English, 12-14 hours of journalism and 8 hours of reading. (See listing under Department of Language and Literature.)

Requirements for a Major in Speech. Forty-five quarter hours including the following courses:

110	Fundamentals of Speech.....	5
212	Argumentation and Debate	4
242	Fundamentals of Oral Interpretation	5
322	Persuasive Theory and Interpersonal Communication.....	3
411	History of Public Address.....	5

Twenty-three quarter hours of electives in Speech with the addition of such courses in other disciplines as the student and adviser deem necessary to attain the student's goals.

Requirements for a Minor in Speech. Twenty-four quarter hours including Fundamentals of Speech 110, Fundamentals of Oral Interpretation 242, and Argumentation and Debate 212, or Persuasive Communication 322.

Broadcasting is offered as an interdisciplinary major in the department. The combination of courses is designed to enable the student to gain proficiency in the many areas involved in mass communications. The major is para-professional in nature and emphasizes the practical aspects of broadcasting with the theoretic-

cal. WCDR-FM, a 3600 watt community service station on the campus, gives the student a varied background in the many facets of station operation including on-the-air training. Cedarville graduates have had excellent success in broadcast-ing careers over the past several years.

Requirements for a Major in Broadcasting. Seventy quarter hours including the following courses or equivalents:

BA252	Human Relations Management.....	4
BA263	Principles of Advertising.....	4
LL221	Introduction to Journalism.....	5
SP130	Introduction to Broadcasting.....	3
SP132	Broadcast Announcing.....	4

The program of studies for the junior and senior years should be developed with the help of the faculty adviser. Care should be exercised to include all remaining general education requirements, cognates, and required courses listed under the major.

110 Fundamentals of Speech 5 hours

A normal prerequisite for other courses in speech, the fundamental course offers theory and practice in basic speech skills for extemporaneous speaking, discussion, debate, and the use of voice and action in oral interpretation of prose and poetry. Students gain extensive training in public speaking as an art.

123 Voice and Diction 3 hours

Special training in voice usage for speaking is balanced with an emphasis upon the correction of deviate voice qualities and imperfect enunciation.

130 Introduction to Broadcasting 3 hours

Includes a study of the history and development of broadcasting with emphasis on speaking in the radio situation. The course gives the student practical training as well as theory in mass communications. Students receive practice in preparing and presenting talk and interview materials.

SP 132 Broadcast Announcing 4 hours

Theory and practice in the art of broadcast announcing is combined with a program to help the individual improve his air presence and to prepare for a career in the media. Non-majors interested in improving in microphone technique are also welcome.

141 Introduction to Dramatic Art 3 hours

The course involves a study of the history and development of the theatre; dramatic literature from a production point of view; stagecraft, acting, and directing.

212 Argumentation and Debate 4 hours

A study of principles and practice of debate, the course includes a study of typical questions used in intercollegiate debate as well as the theory involved in logical preparation and refutation of a case.

223 Group Discussion 3 hours

Group interaction and principles of directing effective groups are studied in an attempt to develop individual understandings of group processes. The different aims of discussion situations are emphasized.

230 Broadcast Clinic**2 hours**

An attempt to combine communication theory with practice, radio production provides the student with on-the-air experience on WCDR-FM. The student is trained in the diverse areas of broadcasting including production, traffic, news, sports, community service, and others. The course is repeatable to a total of six hours. Students should plan a minimum of five hours work in the station per week. *Prerequisite:* SP 130

232 Introduction to Mass Media**5 hours**

A survey of contemporary mass media with attention to the nature, role, structure, influence, operation, and problems to newspapers, magazines, radio, and television journalistic activities.

SP 233 Broadcast Programming**4 hours**

Theory and practice in the development and distribution of programs for radio and television including the legal requirements surrounding broadcasting. The student will learn to do sound tracks, edit tapes, formulate program concepts and develop programs for distribution.

240 Stagecraft**2 hours**

The theories and techniques of designing, building, painting, and lighting stage settings; organization and operation of production crews; theories and methods of costuming productions are stressed.

241 Fundamentals of Oral Interpretation**5 hours**

The effective reading and interpretation of prose and poetry with expression is the goal of the oral interpretation course. The student studies the theories of several authors in the area and has a chance to practice applying the theories to specific literary works.

243 Principles of Acting**3 hours**

Study in the principle theories and methods of acting is balanced with practice of stage movement and voice. Principles of physical and emotional response on stage are taught along with the characteristics of various dramatic genres.

320 Intercollegiate Debate**2 hours**

Participation in intercollegiate tournaments at the novice level using the current debate propositions, will give the student a chance to apply his theory and ability to actual competitive debating. One of the oldest of the educational curricula, the course stresses the ethical theories of debate and attempts to allow the student to become involved in national issues as well. The course is repeatable to a total of six credit hours.

322 Persuasive Theory and Interpersonal Communication**5 hours**

Methods of applying contemporary communication theories on attitude, involvement, and change, are combined with classical positions on the principles and methods of persuasive communications. Attention is given to the study, analysis, and delivery of persuasive speeches in a free society. The student is given background in the rhetorical criticism of logical, emotional and ethical proofs. Interpersonal communications problems, methods, and theories are dealt with.

323 Organizational Communication**3 hours**

A study of the usage of communication for the organizational structure including parliamentary procedure, problem solving, discussion, and committee structures for the person potentially involved in either private or corporate organizations. The course will include theory and practice in both inter- and intra-organizational communication.

330 Broadcast Clinic**2 hours**

An advanced workshop in radio — see SP 230. Repeatable to a total of six hours. *Prerequisite:* 130 and 230

SP 331 Broadcast Research Systems

3 hours

A study of methods of audience analysis, program surveys, and public service studies designed to acquaint the student with systems and procedures available to test station outreach and image. The student will learn to understand the methods and impact of national agencies as well as the importance of research to proper program structures. *Prerequisites:* 130, 233

343 Principles of Play Directing

4 hours

A study of methods used in the direction of dramatic presentations with some practice included. *Prerequisite:* SP 141

352 Homiletics

5 hours

Practice of the skills necessary to the preparation and delivery of sermons of the topical, textual and expository modes is gained along with a study of the theory involved. Students gain practical experience in speaking situations.

411 History of Public Address

5 hours

Classical through contemporary rhetorical systems and theories are studied and analyzed from the perspective of the rhetorical critic. The development of rhetoric is traced from the Greek period to the present and the student is encouraged to develop further expertise on a particular period of his own choice. Analysis is made of the part that rhetoric has played in the development of philosophies and nations.

420 Advanced Intercollegiate Debating

2 hours

Varsity intercollegiate competition in debate. See SP 320. Repeatable to six credit hours. *Prerequisite:* SP 320 (six credit hours)

SP 430 Internship in Broadcasting

12-15 hours

One quarter of work in a commercial or non-commercial radio or television station, or the programming department of a regular program service is coupled with supervision approved by the department to help the student become proficient in his area of specialization. By permission of the supervising station, the department chairman, and the coordinator of broadcasting only. Senior majors only.

440 Private Speech

1-4 hours

Private speech is designed to give the student individual work in developing material for recital, public performance, or competition with an emphasis upon personal instruction from the department. The course may also be elected by students wishing to correct speech defects or develop new speech patterns. *Prerequisite:* Permission of the instructor

442 Advanced Oral Interpretation

3 hours

An advanced study in oral interpretation is gained from literary analysis of prose, poetry, and drama. *Prerequisite:* 242

443 Dramatic Literature

4 hours

An emphasis upon the relationships among styles, theory, criticism, and dramatic construction is gained from a survey of major drama, playwrights, dramatic critics and theorists from the Greek period to the present. This course can be applied to meet English or speech requirements, but not to meet both fields for the same student.

460 Speech Seminar

3 hours

Alternating courses are available to the advanced student for intensive study of some phase of speech communication field with classroom participation.

- A. Rhetoric and Public Address
- B. Broadcasting
- C. Homiletics
- D. Special Topics

Prerequisite: Permission of the instructor

470 Independent Study in Speech

1-4 hours

For those with special interests and capabilities, the independent studies can be taken to secure an in-depth background into one of the areas of speech communication. The course is repeatable to a total of eight credit hours in the field.

Interdisciplinary Studies Program

The Interdisciplinary Studies program is under the supervision of the "IS" Steering Committee, which is composed of the following faculty: Stan Ballard, Psychology; James M. Grier, Philosophy; Richard McIntosh, Bible; David L. Matson, Music; Allen L. Monroe, Social Science; J. Murray Murdoch, History (Program Coordinator).

The Interdisciplinary Studies program seeks to stimulate and expand the student's understanding of the inter-relations among the various disciplines and Christian Theism. Specific "IS" courses are open to the entire college family contingent upon class limitations.

The Interdisciplinary Studies major is designed to combine depth of knowledge in a particular field with a specific study of the inter-relationships found in the liberal arts. The student examines the basic concepts, techniques, and problems which are shared mutually by fields related to and including his own. He gains a wider perspective of his particular area of concentration by studying the comparative bases of related disciplines. Christian Theism is utilized as the integrating principles in the study of the liberal arts. Cooperative (team) teaching efforts in courses designated "IS" give the student the opportunity to see instructors defend and discuss their Christian world views.

FACULTY

Since 1953 the trustees and administration of Cedarville College have sought to define realistic goals where substantial emphasis is placed upon the Word of God and the Testimony of Jesus Christ. Divine guidance has been sought as instructors have been invited to join the faculty and carry out its defined purposes and objectives.

Cedarville has a full-time faculty of over fifty members with an average of ten years of teaching experience. Such experience contributes substantially to the success of this Christian liberal arts college. All faculty members are committed Christians who teach the course content in the light of Scriptural truth. All of them have a sincere desire to assist young people in their preparation of their chosen vocation. Twelve are currently working toward advanced degrees; thirty-nine percent now hold earned doctorates.

Statement of Doctrine and Conduct

Cedarville College is an approved school of the General Association of Regular Baptist Churches, and those affiliated with the college shall be committed to the beliefs and standards of this Association. This institution stands doctrinally with the Biblical, historical position accepted by the General Association of Regular Baptist Churches; and requires each trustee, faculty and staff member to annually sign a statement dealing with certain specifics of that position.

DOCTRINAL STATEMENT

1. We believe in the Scriptures of the Old and New Testaments as verbally inspired by God and inerrant in the original writings, and that they are of supreme and final authority in faith and life.
2. We believe in one God eternal, omnipotent, omniscient, and omnipresent, manifesting Himself in Three Persons — Father, Son, and Holy Spirit — one in nature, attributes, power, and glory.
3. We believe that the Lord Jesus Christ was begotten by the Holy Spirit, born of the virgin Mary, and that He is true God and true man.
4. We believe in the literal account of creation and that the Scriptures clearly and distinctly teach that the creation of man lies in the special, immediate, and formative acts of God; that he sinned and thereby incurred not only physical death but also that spiritual death which is separation from God; and that all human beings are born with a sinful nature, and in the case of those who reach moral responsibility become sinners in thought, word, and deed.
5. We believe that the Lord Jesus Christ died for our sins according to the Scriptures as a representative and substitutionary sacrifice, and rose again for our justification; and that all who believe in Him are justified on the ground of His shed blood and are saved by grace through faith wholly apart from human merit and works.
6. We believe that all who receive by faith the Lord Jesus are born again by the Holy Spirit through the Word of God and thereby become the children of God.
7. We believe that the Holy Spirit is a Divine Person — the administrator of the Godhead — convicting of sin, revealing Christ, teaching truth, restraining evil, energizing believers in prayer, worship, and service, and is ever present in the believer as Comforter and Helper.
8. We believe in the resurrection of the crucified body of our Lord, His ascension into Heaven, His present life there as our High Priest and Advocate, and His personal, bodily, visible, premillennial return to establish His Kingdom on earth and to reign as the only Potentate, the King of Kings, and Lord of Lords.
9. We believe that at any moment the rapture of the saved may occur, when "the Lord shall descend from Heaven" to catch up His people to meet Him in the air, and "so shall we ever be with the Lord."
10. We believe in the bodily resurrection of all the dead — the saved to a life of eternal glory and bliss in Heaven with God; the unsaved to eternal judgment of conscious suffering and woe in the lake of fire.
11. We believe in personal separation from all practices and influences which hinder a spirit-filled life. We believe in ecclesiastical separation from all

forms of apostasy. This we believe necessary as the only Scriptural basis for a happy and useful Christian life.

12. We believe that it is the privilege and responsibility of every believer to be a personal soul-winner and to do his utmost to give the Gospel of Christ to the whole world.
13. We believe that the true, universal Church includes all believers in Christ during this present dispensation and is the body and bride of Christ of which He is the Head

We believe that the local church is a congregation of immersed believers associated by covenant, observing the ordinances of Christ, exercising the gifts, privileges, and responsibilities given in the New Testament, and following a democratic and congregational type of government.

14. We believe that there are two church ordinances: Baptism and the Lord's Supper. Baptism is the immersion of a believer in water to show forth in a solemn and beautiful emblem our faith in the crucified, buried, and risen Savior, and our death to sin and resurrection to a new life, and that it is prerequisite to local church relation. The Lord's Supper is a memorial service commemorating His death until He comes and should be preceded by believer's baptism and solemn self-examination.

STANDARD OF CONDUCT

We believe that the Scriptures clearly delineate principles which govern Christian conduct; that these principles are obligations which every believer must heed; and that the principles include deference toward weaker brethren. Our behavior should not hinder the faith of other believers, doing only those things which will glorify God and which will edify both the individual and the group. While having an appropriate testimony before unbelievers, we should avoid close liaisons with unbelievers.

We believe that for the sake of Christian testimony and the achievement of college purposes, we must abstain from the use of alcoholic beverages, tobacco and the non-medical use of narcotic drugs; and not participate in dancing, the use of playing cards, gambling, attendance at movie theaters, and membership in secret societies. We also believe that Christians have an obligation to dress appropriately, to avoid wearing of extreme fashions and wearing of shorts in public (with the exception of participation in athletic contests), and to have sincere respect for the Lord's Day. We prayerfully seek to serve Christ in an atmosphere free from personal attitudes of distrust, dishonesty, selfishness, damaging criticism, disrespect, unethical conduct and irreverence.

NOTES

PASSING THE TORCH

The flame that appears on our Torch and along with the name of Cedarville College is symbolic of our commitment to pass the Truth on to new generations of young people.

Many friends of the College help us pass the torch by subsidizing the cost of a student's education. Since no student pays the entire cost of his education, we are asking friends of the college to consider investing \$10 a month to help train the Christian leaders of tomorrow.

The Cedarville College Book Club has been incorporated with the "Passing the Torch" program. Participating "Torchbearers" will receive helpful paperback books four times a year in appreciation of their support.

Anyone giving \$10 a month for a year will receive a marble paper weight as a prayer reminder. To help each donor pray more effectively, he will receive quarterly a letter from a student sharing his college experiences.

VISITORS WELCOME!

Young people find that a campus visit is of great value in finalizing the important decision relating to the choice of an educational program to fit their needs. Therefore, we urge you to accept our invitation to visit Cedarville College where you can learn directly about the facilities, curriculum, and activities available to our students.

When your tentative plans have been completed, we urge you to write the Development Office for a list of campus activities and other important information. If we know you are coming, we will be prepared to welcome you, provide for a campus tour, arrange for academic counseling, and make reservations for one free meal in our cafeteria. Offices are open for visitors from 8 to 5 p.m. Monday through Friday and by appointment on Saturday.

Please write: Director of Development, Cedarville College, Cedarville, Ohio 45314 or call (513) 766-2211, ext. 227.
